SOMERSET, Pa., Dec. 21.—With the good wishes of Justice George W. Maxey of the state supreme court, Stacey Gunderman, former Pennsylvania state trooper, today was released on parole from the Somerset county jail to be reunited with his wife and family for the Christmas holiday.

After a brief hearing, Justice Maxey granted the petition of Chief Defense Counsel John J. Duggan, Jr., that Gunderman be released. Report Outer Mongolia May Pledge Allegiance To China Stirs Japan

(BULLETIN)
(International News Service)

HANKOW, Dec. 21.—Reports that outer Mongolia may shortly pledge her allegiance to China aroused keen speculation among diplomats here today—especially as to whether they may foreshadow definite Soviet Russian intervention in the Sino-Japanese war.

The advices received here were to the effect that outer Mongolia, closely allied with the U. S. S. R., may shortly announce "voluntary dissolution" of the Mongolian Republic and throw her lot with the Chinese regime.

What most interested diplomats in connection with these reports was the existence of a mutual assistance pact between the Soviet union and outer Mongolia.

This pact, in existence since 1934, pledges each government to "give all assistance, including military aid, in case either is attacked."

Still In Effect

Whether this agreement would still remain in effect following dissolution of the outer Mongolian Republic, as such, and establishment of outer Mongolia as part of China, was a qestion that aroused extreme interest here.

Should the pact be regarded as still in force with outer Mongolian

Britain Still Recognizes Chiang Kai-Shek Regime

By KINGSBURY SMITH
International News Service Staff Correspondent

LONDON, Dec. 21.—Appointment of a new British ambassador to China was intended to make it clear to Japan that Britian still recognizes the Chinese regime of Generalissimo Chiag Kai-Shek, it was emphasized in official quarters today.

The new envoy to China, Sir Archibald Kerr, present ambassador to Iraq, will replace Sir Hughe Knatchbull-Hugessen, former ambassador to China, who was wounded by Japanese machine gun bullets when Nipponese planes attacked his automobiles as he was motoring from Nanking to Shanghai early in the war.

Sir Hughe is now en route home to England, where he will complete his convalescence from the effects of his wounds.

In stressing that it still recognizes Chiang's Chinese government, now quartered inland at Hankow, the British government served notice it intends to have nothing to do with the new provisional government established at Peiping—re-

LONDON, Dec. 21.—Soviet secret police are preparing another mass trial of 14 Russian diplomats, including three ambassadors, and 20 former high police officials, the London Daily Express reported today in a Warsaw dispatch.

These men and 13 leading army officers, caught in the net of the current Russian "purge," will face a judicial tribunal on charges of "Trotskyist activities," the dispatch stated.

The dispatch stated the defendants were implicated in treason plots by last-minute confessions of eight men executed Sunday on similar charges.

Japan's Delay In Answering Protest Irks

Serious Internal Rifts In Japan Are Believed To Be Large Factor

LONDON HEARS REPLY WILL BE MADE SOON

U. S. West Coast Warship Movements Are Termed Merely Routine

(International News Service)

Japan's delay in replying to the Panay protest today caused irritation in Washington, serious internal rifts in Tokyo.

Developments:

Washington—Reports to President Roosevelt showed army, navy, and air corps in excellent shape, but west coast ship movements termed "routine." America's attitude over the Panay hardened.

Tokyo—Veritable revolt by young army leaders against Gen. Matsui, moerate continental commander, held up Nippon's answer. Measures to prevent future incidents would collapse without army consent, said distraught government leaders. More conflicting versions of the Panay affair were meanwhile presented.

Shanghai—Japanese advanced on Hankow and prepared offensives against Tsingtao and Canton. Eleven thousand troops sailed for South China.

Hankow—Outer Mongolia reportedly throwing lot with Republican China, possibly gaining Russian aid against Japan through the Mongol-Soviet mutual assistance pact.

London—Appointment of new ambassador to China, Sir Archibald Kerr, showed that Britain still recognizes Generalissimo Chiang's regime.

Formal Reply Coming

London, Dec. 21.—Authoritative Japanese naval circles stated today that a formal reply to the British and American protests against the Ladybird and Panay incidents will be presented in a day or two, according to a Reuters dispatch.

(EDITOR'S NOTE: Other information from Tokyo indicated that, due to differences with the army over future preventive measures, a still further delay would be necessary.)

The forthcoming replies may be accompanied by further apologies if Japan's responsibility is shown to be unquestionable, said Reuters.

Governor Delays Giving Decision On De Schweinitz

Gives Relief Director More Time To Answer Charges Made

NO INDICATION OF EARLE'S ATTITUDE

Says Decision May Be Announced Late Today Or Early Wednesday Morning

(BULLETIN)
(International News Service)

HARRISBURG, Dec. 21.—Again delaying the long-anticipated relief decision, Gov. George H. Earle today gave Karl De Schweinitz until three o'clock this afternoon to answer charges of the governor's relief survey committee.

It was the third time the governor "put off" deciding whether to fire or retain De Schweinitz in his $10,000 a year post as head of the Public Assistance Department.

The governor said that in all probability his decision would be announced late today or "tomorrow morning at the latest."

Given Chance

"De Schweinitz did not have the report until last night and I believe it is only fair that he be given a chance to answer these charges," the governor told expectant newspaper reporters summoned for what they thought would be the thrice-deferred decision.

The governor scoffed at reports that De Schweinitz's successor had already been named.

He said he thought the relief survey committee "did a magnificent job" but gave no indication of what his action in the relief dilemma, gravest cabinet tangle of his three years in office, would be.

Hint Japanese Military Jealousy May Have Been Factor In Panay Attack

By JAMES R. YOUNG

TOKYO, Dec. 21.—The Japanese war ministry today demanded a complete report regarding charges that Col. Kingoro Hashimoto ordered the Japanese machine gun attack on the United States gunboat Panay after the vessel was bombed by Nipponese planes off Hoshien in the Yangtze river.

War office authorities claimed that foreign reports were the "first inkling" they received of this affair. It was admitted that Hashimoto is the "fire-eating" type of Japanese military officer and that he was "connected" with the military uprising in Tokyo in February, 1936, in which several cabinet ministers here were slain.

WASHINGTON, Dec. 21—Alarmed over conditions in the far East, the senate peace bloc today demanded speedy enactment of additional legislation at the next session of congress to keep the country out of war.

The drive for legislative guarantees that the United states remain free of all foreign entanglements gained momentum as tension over the Japanese bombing of the gunboat Panay, and other acts of violence involving the United States, swept the senate.

Members of the senate munitions committee will demand immediate consideration of their program to strengthen the neutrality act, while individual groups clamored for recognition of their prosposed legislative barriers against the United States particularly in a foreign war.

Japanese Army And Government Rumored In Split

Major General Harada Sticks To His Version Of Attack On U. S. Boats

GOVERNMENT HAS ANOTHER REPORT

Fear If Split Develops Army May Run Rough Shod Over All China

(BULLETIN)
(International News Service)

SHANGHAI, Dec. 21.—Major General Kumakichi Harada insisted today that it was "inconceivable" that Japanese army launches machine-gunned the United States gunboat Panay after the American craft and three United States oil vessels were bombed by Nipponese planes in the Yangtze river.

Harada, whose version of the incident, contradicting the unanimous testimony of American and other eye-witnesses, has caused a major sensation here, refused to budge from the views he expressed yesterday.

Astonishing Report

Previously Harada had brought forward an astonishing Japanese military report on the Panay incident which was so contradictory to all other versions that Americans and others who heard it asked him whether he was discussing the same incident. Harada maintained he was.

His statements that the Panay was not machine-gunned, despite admissions by the Tokyo foreign office that the gunboat was raked by machine gun bullets, fanned American indignation here to a new pitch and lent added credence to rumors of a split between the Japanese army and government.

Fear Result Of Split

What such a split may mean to the China campaign and the rights of foreigners in China, only the future can tell. But officials here are vastly apprehensive lest government authorities at Tokyo prove unable to restrain the Japanese forces in China, and the army, under the influence of rebellious "hot-head" leaders, runs rough-shod over the entire country, trampling Chinese and foreigners alike.

Pressed for more information by correspondents, Harada refused to cancel his assertions that the Japanese army did not fire on the Panay.

He admitted, however, that Japanese army motor boats machine-gunned "Chinese launches attempting to flee from the vicinity" of the Panay.

He declared that machine-gunning of the Panay was "inconceivable because the Japanese have no enmity toward Americans."

On top of all this, Harada declared that Japanese troops ashore near Hoshien had tried to prevent the Japanese aircraft from bombing the Panay by waving flags. He insisted the Americans were so grateful for

Special Session May Pass Housing Bill

By ARTHUR HACHTEN
International News Service Staff Correspondent

WASHINGTON, Dec. 21—Racing down the homestretch toward adjournment of the special session of congress, the senate today began consideration of the Wagner-Steagall housing-boom bill.

"We are going to try to pass the bill and send it to President Roosevelt for signature by Thursday and then adjourn the special session for the Christmas-New Year's holidays" said senate majority leader Barkley

"The housing bill is all we expect to get through between now and adjournment," he added in expressing personal preferences to be "home in Kentucky for Christmas."

Plan New Battleships For U. S.

To Build Eleven In Next Decade

President's Budget Will Call For Funds For Two During Year

TWO OTHERS ARE UNDER CONSTRUCTION

(International News Service)

WASHINGTON, Dec. 21—As tension over Japan's bombing and sinking of the USS Panay increased, the United States today prepared to embark upon a new long range naval program which will call for construction of 11 new battleships during the next decade.

The president's budget will call for funds being provided during the coming fiscal year for two of these new 35,000 ton battleships, at least two light cruisers and eight destroyers and six submarines. The battleships will cost about $60,000,000 each and will mount 16-inch guns, the most powerful naval armament in the world.

Recommendation Made

The president's recommendation, it was understood, already has been made to the budget bureau.

Two other new battleships, the first to be laid down in the 15 years which followed the Washington arms limitation conference in 1922, are now under construction. The cruiser destroyer and submarine replacement program provided for by the Vinton-Trammell act, is now largely completed, although it has two years more to run. The greater proportion of the ships, called for in the act, which was designed to bring the American Navy up to the limits set down by the Washington and London Naval treaties both of which have now expired, were begun from the outset.

In addition President Roosevelt provided very large funds from the NIRA. The rapidity with which new warships are now being completed is illustrated by figures such as these: 12 months ago there were approximately 100 new warships under construction in Navy and private ship yards and currently there are about 70, the others having been launched and commissioned during the year.

allegiance pledged to the Chinese regime which is now being attacked by Japan, it would open up tremendous possibilities of Soviet Russian "military aid" as stipulated in the agreement.

Such a development would realize the worst fears of the Japanese, who have taken every possible precaution, military and diplomatic—including that of driving a wedge between north China and Soviet Russia—to prevent Soviet intervention in the conflict on the side of China.

Furthermore, such intervention would bring to a spectacular climax the long-smouldering ill-will and animosity between Moscow and Tokyo.

Foreign rumors that Communists had seized control of the nationalist government at Hankow were branded as false. It would be "foolish" for the Communists to take over the government, it was pointed out, when they already have a large share in it.

However, indications that aid for China is coming from outer Mongolia, bears out the belief that China is swinging into the Soviet camp.

It would provide for an amendment to the constitution which would prohibit the president to declare war on a foreign nation unless such action was ratified by a majority of votes in a national referendum. It would prohibit the congress from conscripting men for military service overseas unless such an act be confirmed by popular referendum.

HINT JAPANESE JEALOUSY FACTOR IN PANAY ATTACK

(Continued From Page One)

to punish" Hashimoto for his asserted part in the Panay incident has brought to light the possibility of momentous events, not only for Japan, but for the entire far east, in the opinion of the highest government authorities in Tokyo.

Matsui has been asked to submit a complete report on Hashimoto and on all charges relating him to the Panay incident.

The affair also brought closer to a crisis the growing rumors of a rift between the government and the Japanese army.

One source, a high government official, told International News Service that Hashimoto might conceivably force Matsui, the Japanese commander in China, out of his post and even out of the army before Hashimoto would submit to punishment for his asserted deed, which has brought Japanese-American relations to a crisis.

It was pointed out that Matsui, who is a relatively moderate and conservative Japanese commander, has long been in disfavor with the younger Japanese officers and "Fascist groups"—the same elements which were responsible for the terrifying days of Tokyo of the 1936 military revolt.

Involved In Coup

Hashimoto, investigation showed, also was involved in the abortive, October, 1935, coup and in other similar movements prior to the Manchurian outbreak.

His adherents, it was said, rate Matsui a mere politician, rather than a military man, and would like to see him ousted from the army. It appears that the Panay incident may prove a "test case."

The feud between the conflicting conservative and "aggressive" elements within the Japanese army has gone so deep that during the month of October, just passed, for three weeks Matsui's name was never once mentioned in news messages from Shanghai.

Meanwhile, it was said, Japanese army officers "writhed in enmity" against his appointment as commander.

Despite the internal strife, the Japanese army captured Shanghai and Nanking, but many of its officers—some of them highly powerful—took every opportunity to make life miserable for Matsui, it was learned.

To Embarrass Matsui

It was hinted they even may have disregarded orders not to attack neutrals in order to throw the onus for such attacks on Matsui, embarrass him through the acts of his subordinates and thus force him to resign, or submit to be recalled.

Should such prove to be the truth, it would mean that the Panay and three other American vessels were sunk, with a loss of five lives, as a sacrifice on the altar of Japanese military jealousy.

Here in Tokyo there is an increasing feeling that the army is to blame for firing on the Panay.

Meanwhile, neither the recall of Rear Admiral Teitzo Mitsunami, in connection with the aerial bombing of the Panay, nor the "Hashimoto rumpus" have been mentioned publicly here. An official explained this by saying:

"To bring these things into public view would impair the morale of the younger officers and men."

JAPANESE ARMY AND GOVERNMENT RUMORED IN SPLIT

(Continued From Page One)

this "aid" that they gave the Japanese soldiers oranges, candy and cigarettes.

Suspends Announcement

Harada said he had received instructions from Tokyo to suspend his promised announcement of findings regarding the Japanese attacks on the British gunboat Ladybird pending conclusion of Anglo-Japanese negotiations now progressing in Tokyo.

In his pronouncements today, Harada retracted one of the statements he made yesterday, admitting "it is now established" that the Panay had fired no shots at Japanese army units. Yesterday he had added this charge of his sensational version of the incident.

But he reiterated today that the Japanese army motor boats had not fired on the Panay, thus contradicting flatly the assertions of all eye-witnesses and survivors of the attack, including the statement given to International News Service by the Panay's skipper, Lieut.-Commander J. J. Hughes.

Ominous Speculation

There was still no official explanation—other than the evident conflict in views between the Japanese army and government—for the conflicting versions of the Panay bombing issued by the Tokyo foreign office and military officials here. But while this variation remained a matter for ominous speculation, there was no doubt that it had angered foreign, and particularly American, circles to a high degree.

While American and other foreign authorities, the Japanese military machine and the Japanese government appeared on the verge of a three-cornered controversy with unpredictable results, war on ever-widening fronts continued as the Japanese pushed toward Hankow and continued preparations for a major offensive against South China.

According to advices from Hankow, a dramatic telephone message received at headquarters of China's generalissimo, Chiang Kai-Shek, announced two "lost" Cantonese divisions had succeeded in escaping from a Japanese trap.

It had been feared the two divisions were decimated while retreating from Nanking after the capital fell, but today's message revealed they had succeeded in working their way to safety in Anhwei province after fighting numerous battles en route.

At the same time, the Japanese army and navy launched drives aimed at capture of Canton in the south and Tsintao to the north.

Offensives to the north began with two Japanese detachments moving from Pukow along the Tientsin railway, capturing Shuikowchen while a large Japanese air fleet bombed Kiukiang, with a view to wreaking vengeance for destruction of silk mills and other Japanese property at Tsingtao.

In the south the long-heralded advance against Canton came closer as Japanese vessels landed divisions of marines and huge amounts of war materials in preparation for the attack.

SPECIAL SESSION MAY PASS HOUSING BILL

(Continued From Page One)

senate and house to conference during the brief special session. Had the farm issue held up until the regular session, beginning January 3, it might have taken several months to put it on the statute books, they said.

Recommittal of the wage-hour bill by the house was a major blow to the administration.

"That problem is still on the door step of the house," said Barkley.

Unless a torrent of debate on the housing bill is unloosed in the senate, adjournment of congress Wednesday was considered probable. No difficulties in adjusting differences between the senate and house bills was anticipated and advocates of the measure were looking for a Christmas spirit to prevail—senators willing to compromise.

MAY HAVE SNOW FOR CHRISTMAS

weather was in prospect immediately. Cold blasts from the north swung wide of the tri-state area, he explained, and moderate temperatures for tonight and tomorrow were predicted.

Meanwhile, ice that coated highways here during the night began to disappear. Conditions returned to normal in most sections after the glassy surface took its toll in pedestrian falls and minor motor accidents. A number of persons were injured.

Both the Allegheny and Monongahela rivers continued to recede steadily from Sunday's flood crest.

NEED FOR COURTESY

IN MISSOURI there is located the 6,500 population town of Fulton, which has recently made more or less a name for itself by awarding cash prizes to four children who were adjudged the most polite and courteous.

This town is to be congratulated on its development of a sound idea, its interest in a worth-while effort. Other cities and towns, even villages and hamlets, might do well to take the same thought and work from it a program.

As a nation, we are sadly lacking today in the common courtesies that prevailed among older generations. We have either forgotten how to be polite, or we do not take the time to do so.

Nowhere is this growing lack of courtesy more evident than when we get behind the wheel of an automobile. A large percentage of highway accidents are due to this lack of consideration for other people. And all the propaganda turned out does not seem to make us any more polite on the road.

Since we can't change the oldsters, perhaps it will be wise to concentrate on the younger generation. It may pay us many times over if we make a concerted effort to teach them courtesy and politeness. The home is undoubtedly the place where this should be done. The parents should be the teachers. But both home and parents seem to have been lax. So the work will have to be done by other agencies. And this Missouri town points out one way.

HUMANITARIAN SEALS

To Denmark and Delaware belong great honor and distinction at Christmas tide.

In Denmark, in 1903, a grubbing postal clerk thought of affixing stamps to all mail for the purpose of fighting tuberculosis and carrying comfort and cure to thousands of the victims of lung infection.

These seals or stamps, now widely sold and used in the United States during the Christmas season, were adopted first in the state of Delaware in 1907. Their introduction was directly due to the Danish inspiration. The fact that 45 countries now appeal to their health-minded citizens for the furtherance of anti-tuberculosis work offers positive proof that the Danish postal clerk had the right idea.

Everyone who buys and uses the seals this year will be contributing his bit to a decidedly worth-while movement.

SO WOMEN AREN'T GOOD TALKERS!

Professor Russell Potter of Columbia University has stirred up a wasps' nest by his assertion that women make poor lecturers. Women are hastening to deny their voices are too thin, too tremulous, too likely to screech in emotional strain, as Professor Potter alleged. They also decry his contention that it's hard for a woman to dress properly for a lecture—frills being distracting and a train amusing.

Let by the articulate First Lady, the halls are today echoing to formal lectures by women on foreign, political, economic, social, medical and other ponderous subjects which a generation ago were strictly male prerogatives. Women like Dorothy Thompson, Anne O'Hare McCormick, Ruth Bryan Owen, Marcia Davenport, Olga Samaroff Stokowski and Josephine Roche seem, offhand, to hold their own with any sonorous males After all, it is almost heresy to imply that women aren't good talkers. Almost any tardy husband can testify that their lectures, even impromptu, can be epics.

EAST AND WEST

The present storm in which American-Japanese relations are involved will doubtless blow over, because we are a reasonable people and the Japanese are a practical people. The Japanese government will make honorable and generous amends for the outrageous destruction of American life and property. But we shall probably be getting into further difficulties of the same sort later on, because the attitudes of the two countries are irreconcilable.

The American attitude is that the Japanese have no more rights in China than we have. This means no right to exert military or governmental authority in China, no right to take property without paying for it, no right to assume special trade privileges.

The Japanese attitude is that Japan has conquered China in a legitimate, though undeclared, "war of self-defense" and now has a right to do just about as she pleases with Chinese territory, trade and population.

Our attitude is modern; hers is medieval. Ours is Western and hers is Eastern. And whether the two shall ever meet is doubtful—all the more so because European nations lately have been setting Japan an example in medieval barbarism.

What's the younger generation's equivalent for the oldtime palm-reading preliminary to holding hands?

Progress: Slowly solving the problems that wouldn't exist if we had used a little sense in the first place.

Maybe the great of early times just seem greater because there were no news photographers to catch them scratching.

What's the use? If a great invention makes the world 50 per cent richer, it always makes war 50 per cent more destructive.

Making a million isn't so hard. Just invent a snap-on button, as thin as a pearl button, for bachelors and neglected husbands.

Surely you recall offhand the names, Dunant, Passy, Dusommun, Gobat, Cremer, Moneta, Bajer and Beernaert—all Nobel peace prize winners in other years.

The Illinois state senator who says that "without politicians we would have no civilization" probably means that without politicians we would not have this particular kind of civilization.

The Parent Problem

By Garry C. Myers, Ph. D.

IS THERE A SANTA?

FORTY YEARS ago little Virginia O'Hanlon wrote to the editor of the New York Sun:

"Dear Editor: I am eight years old.

"Some of my friends say there is no Santa Claus.

"Papa says, 'If you see it in the Sun it is so.'

"Please tell me the truth, is there a Santa Claus?—

"Virginia O'Hanlon, 115 West 95th street."

This letter was answered in the Sun by Mr. Francis P. Church, the chief editorial writer, and his answer probably has been reprinted more million times than any other newspaper article ever written: Here it is:

"Virginia, your little friends are wrong. They have been afflicted by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are litttle. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge.

"Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas, how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyments, except in sense and sight.

"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive and imagine all the wonders that are unseen and unseeable in the world.

"No Santa Claus! Thank God he lives, and he lives forever. A thousand years from now, Virginia, nay, 10 times 10,000 years from now, he will continue to make glad the heart of childhood."

The World AND THE Mud Puddles

NOT GOOD STRATEGY.

President Roosevelt is a very clever politician. He knows how to get votes, but he does not seem to be up on political economy. His recommendations to Congress seem to indicate that he is ignorant in connection with taxes of the fact that there is a law of diminishing returns; that it is a certainty that if a man is over-taxed, the less you get. He also does not seem to realize the Rule of Three regarding the destroying of individual initiative; that if you destroy the incentive to accumulate capital, you destroy capital and without capital, nothing can be accomplished by the people.

There is one thing connected with his political sagacity that he seems to have entirely overlooked. He does not seem to remember that it is a very unwise thing to call the Representatives of the people together to legislate laws, except in time of war. It is a fact that no President of these United States ever called a Special Session of Congress and that Congress did what the President wanted them to do. Special Sessions have always thrown "monkey wrenches" into the political plans. I absolutely believe that if Mr. Hoover had not started out his administration by calling a Special Session of Congress to pass legislation to aid the farmers, his administration would have been a much smoother affair, and that the great Depression might never have happened. That Congress, it will be remembered, just ignored the President and they talked their heads off about the tariff. Their actions made everybody very vexed and paved the way for the big Crash. The actions of both the members of the Senate and the House of Representatives indicate that this Special Session is going to be of no assistance whatsoever to the President's plans.

It may be that the Director of all things,—the Creator himself, has a hand in this.

Dinner Stories

HE'S CONVICTED

The portly man was trying to get to his seat at the circus. "Pardon me" he said to a woman, "did I step on your feet?"

"Possibly so," she said, after glancing at the ring. "All the elephants are still out there. You must have."

Hints and Dints

Sun sets tonight 4:38; sun rises tomorrow 7:18.

Nothing in fashion circles is going to be more popular than the bolero during the coming spring, a fashion hint states. Well if the women start carrying those things, we males better go in hiding. One never knows when his wife or sweetheart will pull the thing on him.

Japanese troops invading China are using camels for transport purposes. With the war having proven a "white elephant" to them so far, it looks as though they will have a complete circus before the thing is over with.

The government is now considering enacting a law demanding that everyone show their "net worth" on a tax return which would list every item which could be termed an asset. That will show up a few blowbags who brag around about how much they are worth, and who have nothing to back it up with.

AND IT WON'T DUCK

A gallant young husband was trying to teach his new and nervous young wife to drive a car.

They were on a narrow country road and the wife had been driving only a short time, when she exclaimed:

"Take the wheel, quick, darling. Here comes a tree."

Well, one nice thing about the styles in woman's hats. They never last more than a season. Or perhaps, it might be termed a disadvantage too, for just about the time you get used to the sight of their freakiness, the design changes to something worse.

The best reducing exercise consists in moving the head from side to side when somebody suggests having some more.

Dictator Stalin was unopposed for re-election as head of the Soviet Republic in the first secret election the country has ever held. Those Russians know which side their bread is buttered on. They have seen and heard of too many people who were opposed to Stalin being lined up against a wall and shot during the past year to even think of voting against him, if he had had an opponent. And who would have dared to run against him? That's the kind of a government a lot of numbskulls in this country would try and wish on us.

There seems t' be a-plenty o' Christmas trees this year. I guess th' gov'ment didn't git around t' restrictin' th' crop.

I see by th' papers thet pipes is comin' back strong. But ain't they allus been?

A certain New York columnist believes that the wearing of a lapel flower, or boutonniere to the highbrows, is a sure sign of success. What failures Washington and lincoln must have been.

Someone stole a suit of red flannel underwear from an automobile in Youngstown the other day. He must have been an old timer. No youthful criminal would stoop to being caught with such things on him.

WHAT ODDS?

Doctor (referring to new member of the congregation)—"Mister Smith seems very fond of horse racing."

Minister—"Yes, he went to sleep in church last Sunday, and when he awoke he stared at the hymn board, and said, 'Good gracious, only three starters'."

Radio announcers must be great lovers. If they can plead so tenderly to sell a pill, think how they could speak for themselves.

Probably the housing industry could take care of itself if the average man only knew for a certainty that he could take care of himself for a few more years.

A FEW CHRISTMAS THOUGHTS

When all the world is radiant
With the Christmas spirit's glow,
It's then we think of people
We are mighty glad to know.
And send them friendly greetings
And hearty wishes, too, - - -
That's why this
"Merry Christmas" is coming
now to you.

* * *

It takes a special sort of wish,
For a very special reason,
To be the kind of wish to send
For my Family's Christmas Season.
The ordinary sort of wish
Would never, never do,
Because it would not hold the love
That's sent to all of you.

* * *

May the joy of the Christmas story
Be with you all, today
May its peace abide with you
Along the New Year's way.
And may its old, old beauty
Remain with you, to bless
Your home with cheer and kindness
Your hearts - - - with happiness.

The French are gravely concerned over what to do about the increasing German birth rate. Well, they might try marrying German girls.

TWISTING HIS METAPHOR!

"My dear, look there," said Mr. Simkins, as he stood on deck with his wife and pointed to a tug drawing several barges. "Such is life. The tug is like the man, working and toiling, while the barges, like women, are . . ."

"Yes, I know," interrupted Mrs. Simkins, acidly. "The tug does all the blowing, while the barges bear all the burden."

Some mothers will never know the torture their young sons and daughters go through, because of the foolish pride of the elders in seeing that ears and backs of necks are clean.

One cannot tell which is the front and which is the back of these big new buses developed for big city use. Something like this season's hats for the women.

The proper measure of a man is the degree of swelling that occurs when he is given authority.

Human nature at its funniest: Thinking it a fine compliment to religion when a big-shot rich man has faith in it.

Performers on British radio programs are not permitted to mention commercial products by their trade names. Next thing you know, they will be forbidding the natives to have short wave sets, so they cannot listen to the advertising which blats out on the air every five or ten minutes in this country.

There is only one consolation which snow-blocked roads bring. There are no traffic deaths when the highways are piled two feet deep in the beautiful.

You'll have to say one thing for Der Fuehrer Hitler. He has stood pat on that funny mustache of his for a long time.

The alleged head of the Black Legion broke down and cried when he was ordered extradited to Michigan to answer charges of criminal syndicalism brought against him there. It is wonderful how contrite some people can become when the law finally catches up with them.

The fate of an American dancer who took up with a slick stranger in France and was murdered should be a constant remnider to women to trust only the men folks they know real well. Some of them are bad enough at times.

Senator Copeland wants correspondence with foreign countries on European intrigues, bared, so that we will not be tricked into some new war without the folks here at home knowing what is going on until it is too late. Lots of times we wouldn't be so anxious to go to war if we actually knew what was behind the scenes.

Foolish hobby: Collecting paper matches you never will use. Great career: Collecting paper dollars you never will use.

The great problem of radio is to improve reception faster than multiplication of broadcasting stations can spoil it.

Dear Miss Markel—I should like to buy my husband studs for his evening clothes. How many should I choose? WIFE.

Answer—They come in sets of three. With formal evening clothes, either one or two studs may be worn; with a dinner jacket, one, two or three.

Dear Miss Markel—Please tell me how many bridesmaids a girl should have. I plan to have four in addition to a maid-of-honor but have been told that the number should be uneven. E. V.

Answer—On the contrary, you should have an even number (ranging from two to six) since they walk two by two. Usually there is the same number of ushers.

Dear Miss Markel — How long should a formal call be? A. F.

Answer—No more than 20 minutes. And it should be returned within ten days or two weeks.

Drop In Farm Income Serious. Is Less Than Had Been Estimated. National Income Is Near Peak.

By LESLIE EICHEL, Central Press Columnist

THE RECESSION in farmers' purchasing power during the latter half of 1937 has been so great as to make vast difference in the national income over what had been estimated for the year. That alone could explain the fall of security prices. We forget that a third of the American nation still is made up of farmers. And more than half the nation is dependent wholly on farm income.

Farm incomee for 1937 probably will not amount to more than eight and one-half billion dollars. In 1936 it was $7,865,000,000.

But, remarks the Alexander Hamilton Institute, "while the eight and one-half billion dollar income for 1937 will be 8.1 per cent larger than the amount received in 1936 and will represent expansion for the fifth consecutive year, it will mean an increase in the farmers' purchasing power of only 1.9 per cent over that of last year, due to the higher level of prices for goods bought by farmers."

Earlier in the year the lowest estimate of farm income for 1937 was nine billion dollars. A half billion dollars evaporated within a few weeks of deflation.

* * *

NATIONAL INCOME

National income in the United States for 1937 will show the fifth consecutive year of expansion in spite of the severe falling off since the latter part of October, according to the Alexander Hamilton Institute.

National income now is 78.3 per cent above the depression's low in 1932. And as compared with 1929, peak year of all, this year's national income is lower by only 12.7 per cent.

Some people will call it inflation. And the Alexander Hamilton Institute does, in these words: "The 1937 income will thus represent an inflationary bubble nearly as large as the one in 1929, which started to burst at the end of that year. This helps to explain the development of the recent deflationary movement."

SPECULATION?

More testimony before the senate committee on interstate commerce, investigating railroads: The Pennsylvania spent $63,000,000 in 1928-'29 buying stock control of the Wabash railroad. The Wabash went into receivership not long after. The Pennsylvania's equity today is worth $4,000,000.

The Pennsylvanina also bought up Seaboard Airline stock and that road also went into receivership later.

It likewise bought heavily into Lehigh Valley—and the depreciation on that "investment" also has been millions.

The Van Sweringens were not the only ones—but the Van Sweringens did not have the immense wealth of the Pennsylvania railroad and had to resort to a pyramiding of holding companies, with very little cash back of them.

NEW YORK—Dr. Josef Hofmann, noted pianist, says music has helped safeguard morals in the past few years:

"I know of no other agency of greater value in maintaining the spiritual level of our people during the trying years of the depression."

BALTIMORE — Samuel Untermyer, noted New York lawyer, urges a boycott against Japanese goods:

"Our gain would be priceless in the cause of peace in upbuilding, upholding and re-establishing the sanctity of treaties. Our inaction is nothing short of a crime against civilization."

HOLLYWOOD — Helen Vinson, stage and screen star, takes a dig at Hollywood producers:

"If an actress wants to change her type in Hollywood, it is necessary for her to do that new type in a New York play and be rediscovered."

TODAY Is The Day

Copyright 1937 Central Press — By CLARK KINNAIRD

TUESDAY, DEC. 21

Once Upon Dec. 21st—The Pilgrims who figuratively placed New England on the map, 317 years ago today, are impressed on most minds, perhaps as puritan zealots who never had any fun. To think of them quitting their ship Mayflower and landing at Plymouth Rock merely because there was a shortage of beer aboard would be difficult. Yet that appears to have been the reason Dec. 20 is Forefathers' Day.

In those days, of course, tea, beer and other boiled and brewed drinkink mixtures were likely to be safer drinks than straight water in large cities like London, and were certainly more palitable than water from out of the casks of a ship months on voyage. Tea was expensive, and beer was a penny or so a quart, and so nearly everybody drank beer.

With the Mayflower's store of beer exhausted by the unexpectedly long voyage, and other supplies short, too, it was time to go ashore. The ship had been at anchor off Plymouth for five days before the landing was made. It was not, of course, the first landing: some of the company had gone ashore at Cape Cod to get firewood and fresh game a month before.

All ships leaving England carried beer as part of their necessary provisions. And all ships were required to bring back for further use as many kegs or casks as they carried away. The Pilgrims intended to keep for use in their new homes the kegs and casks aboard the Mayflower, so a young cooper, one young John Alden, was engaged to make the voyage and construct replacements enroute. He was not a Pilgrim or Puritan in religious belief, and he didn't intend to become a Plymouth settler when the voyage began. Yet he and Myles Standish, who wasn't a Pilgrim either, but a hired soldier, became the two most famous members of the colony which was named Plymouth long before the Pilgrims got there.

Capt. John Smith, leader of a coastal exploration expedition sent out by the owners of Virginia Colony, had so designated it in maps.

There was already a New England, too—in California! Sir Francis Drake had named the Pacific Coast Nova Albion in 1580.

Though the New England of today observes this as Forefathers' Day, very few of the Mayflower passengers were fathers at the time. Ninety percent of them were young men.

Theoretical descendents of these young men brag about their Mayflower ancestry now. Even President Roosevelt traces his lineage to 10 different Mayflower passengers. A Mayflower first-tripper would have more than 200,000 descendents today; 2,000,000 or more of the country's population could claim Mayflower kin. More perhaps, for the ship on other voyages brought over more slaves than whites!

On Other Dec. 21sts: 1879—Joseph Djugashvilli, known as Stalin, dictator of the "workers' government" in U. S. S. R., was born. He began as a priest, was never a workingman, is a foe of religion today.

1924—Adolph Hitler was released from prison after serving a six-month term for treason. But He doesn't let anybody off with six-month terms.

1874 — Edward Payson Weston completed a walk of 500 miles in 5 days, 23 hours, 34 minutes, at Newark, N. J.

1790—Samuel Slater, an Englishman who had to depart from his country in disguise because of a law prohibiting machinery and mechanics leaving, started the first mechanical textile factory in America, in Rhode Island.

1919—Emma Goldman, Alexander Berkson and 247 others who didn't like this country, it seemed, were sent back where they came from.

Visitor To City Tells Of Christmas Customs In His Native Holland

Christmas this year will be a trifle lonesome for P. Vanspijk, who is visiting in New Castle at the present time. Between him and his family there is a lot of water for Mr. Vanspijk is a native and resident of Leiden, Holland.

"We don't give gifts on Christmas Day in Holland," said he comparing the customs of the two countries. "Our day for gifts is December 5, Santa Claus Day. On the night before, the little children put out their wooden shoes, just like your American boys and girls hang up their stockings on Christmas Eve. Christmas Day is really two days celebration for us, for we observe both December 25 and 26. The celebration is more in the nature of a religious celebration."

Being less informed of Holland than we should be was responsible for a lot of questions. What about the dykes? Do they still use the wind driven mills to keep the water out beyond the dykes? Where do the storks go in the winter time? All of them Mr. Vanspijk answered.

"Some of the windmills have been succeeded by motor driven units, but recently an inventive young Dutchman developed a stream lined windmill which will operate with only the slightest breeze blowing. This will serve to bring back the picturesque windmills. The dykes are an important part of Holland for by them the country is kept from the sea. The entire country is below sea level and the dykes and windmills are the reason why Holland is inhabitable. As for the storks the long gangling birds leave Holland in the winter and go to Asia and Africa. Spring sees them back, roosting on the chimney tops of the quaint Dutch towns."

Coming from a low flat country, Mr. Vanspijk is interested in the topography of this country. The mountains between here and Harrisburg were interesting. Niagara Falls was a source of wonder to him, and he is looking forward to seeing the Great Lakes. The immense mills of Pennsylvania caught his fancy for there are few heavy metal industries in Holland. But flowers, tulips especially are something he can talk about with enthusiasm. Miles and miles of tulips make the countryside a riot of color in the early spring and from these immense tulip farms the bulbs go to every part of the world.

Holland still has its self-exiled prisoner, Kaiser Wilhelm, formerly head of the German Empire, who lives at Doorn, Holland. Mr. Vanspijk believes that some day another emperor will rule Germany for he says the common people want an emperor. But it won't be Kaiser Bill.

Speaks Direct To Japanese God

Roosevelt Addresses Divinity In Calling On Emperor To Apologize

ONLY CHINESE APPRECIATE JOKE

Central Press
Washington Bureau
602 Times-Herald Bldg.

By CHARLES P. STEWART
Central Press Columnist.

WASHINGTON, Dec. 21—Chinese diplomats in Washington smiled when President Roosevelt called on the emperor of Japan to apologize for the sinking of the United States gunboat Panay and to pledge himself personally against another such incident.

It was much as if Japan had notified some Occidental country that Tokio blamed that nation's god for an outrage committed by his worshippers, and had required him to express deep regret, make reparations and promise that nothing of the sort ever would occur again. It was a case, in short, of informing the Japanese god that "F. D." no longer had any confidence in the Japanese government, but desired to hear directly from Nippon's real authority—its god.

Or else!—so to speak.

* * *

NOT APPARENT TO US

The Chinese sense a joke in all this that probably is not fully apparent to western peoples.

They understand Japan's psychology as we Occidentals do not.

They comprehend that "F. D" put the Japanese divinity in an embarrassing position.

A government is a big institution, and doubtless hesitates to admit that it has made a mistake. Still, even government is human, and may contend reasonably that it is human occasionally to err.

But to ask its god to confess that he has permitted his children to go off at half-cock?

That is going a long way.

WAS F. D. R. AWARE?

Whether or not President Roosevelt, in addressing the mikado personally, was aware that he was mixing Japanese government with Japanese divinity is problematic.

The Chinese, however, saw the point immediately.

They do not kneel at the Japanese shrine, and, to see it thus put amuses them.

They have had some military reverses of late, but they almost forget them in their chuckling over the embarrassing situation that the Japanese find themselves in.

If the emperor, as a god, cannot answer President Roosevelt's message, the Chinese argue, he "loses face" as a god—his government is bigger than he, a god.

If he does answer, apologetically, he has to answer apologetically—as a god. In that capacity he "loses face" as a god.

* * *

"EMPEROR IS ABOVE"

I talked this matter over with Correspondent Kato, Washington reprepsentative of the Japanese Domei (semi-official) news agency.

"Japan," he said, "has a 'responsible government'."

That is, a government to be addressed through its foreign office and premier, like England's.

"But the Japanese emperor," added Kato, "is above the government. He is independent of diplomacy."

Briefly, a bargain with Japan is not a bargain unless it is made over the emperor's head. Even if it is, he probably will acquiesce. He will have to. His militarists will make him agree, whatever he, personally, may think about it. Theoretically the militarists may consider him divine—but not over-practical. In a strictly material sense he can be assassinated as well as any other military recalcitrant.

CHINESE EMBASSY ACTIVE

The original Chinese republican government seemingly is as vigorous diplomatically as before Nanking's fall.

The embassy economizes slightly. "We are a bit pinched," Embassy Secretary Y. F. Lieu told me, "but it is not serious."

The embassy does not pinch in keeping up with its social obligations.

The Chinese cultivate the National Press club. The Japanese "throw" big parties.

Radio Performer Burned To Death

Two Others Escape With Slight Bruises As Result Of Wheeling Fire

(International News Service)

WHEELING, W. Va., Dec. 21—One members of a trio of radio performers was burned to death Monday and his wife and a partner were seriously injured when fire swept their rooming house in the business district of the city.

Gundy Ruscallello, 27, of Dilles, O., was trapped by the flames when he re-entered the building, after having escaped, to rescue his wife, Ann, 28, firemen carried her from the building. A third member of the troupe, Hamilton Fincher, 28, of Pittsburgh, was injured when a rain spout on which he tried to slide to safety from a third floor window, collapsed.

The victims were performers for a local radio station. Ruscallello was known on the air as "Russell" while Fincher used the name "Rawhide" on their programs.

EASE YOUR CHILD'S CHEST COLD TONIGHT

Tonight, at bedtime, rub his little chest with stainless, snow-white Penetro. Penetro is the only salve that has a base of old-fashioned mutton suet together with 113% to 227% more medication than any other nationally sold cold salve. Creates thorough counter-irritant action that increases blood flow, stimulates body heat to ease the tightness and pressure. Vaporizing action helps to "open up" stuffy nasal passages. 35c jar contains twice 25c size. Ask for Penetro.

MAKE PASTE

Instead of adding chocolate direct to the milk, stir chocolate in a cup with an equal amount of warm milk, into a paste, and add the paste to the milk.

EXCELLENT

Roll thick slices of pork tenderloin in seasoned flour and brown slowly in little fat. When done, make a milk gravy in the pan and pour around the meat.

Use Care With Decorations At Christmas Time

Fire Chief McIlwain Warns Of Danger With Flimsy Decorations And Candles

ISSUES DON'TS WHICH WILL HELP

With Christmas only three days away, Fire Chief A. P. McIlwain warns all citizens to use care in their preparations for the Christmas celebration, so that the day of usual great joy is not turned into a tragedy.

Particular care should be taken in the use of electrical appliances and lights. All appliances such as Christmas tree lights, electrical gifts and the like should bear the label of the Underwriters Laboratories, thus insuring that they are of an approved type and quality, and meet the standards of safety required.

Don'ts Are Listed.

When electrical appliances and electrical toys are not in use, they should be detached, so that they do not overheat and cause fires.

Don't place the Christmas tree too close to lighting and heating fixtures, Chief McIlwain warns, and don't keep the tree up too long after Christmas when it dries out and becomes highly inflammable.

Don't use combustible materials in ornaments and decorations. If there is any doubt about these things, lay them aside. It is better to be safe than sorry, he advises.

Don't use lighted candles on trees or window sills or close to any inflammable materials.

Don't allow wrapping paper, tissue paper, gift boxes and other inflammable materials to accumulate.

Don't give flimsy motion picture machines. Use only films and machines approved by the Underwriters Laboratories. Don't use the nitrocellulose films used in theaters. These are bad fire hazards and produce deadly fumes when burning.

Toys which use kerosene or alcohol should not be given to young children. Too many cases of fatal fires have resulted from these apparently innocent toys.

Don't place paper around an electric light bulb. This is a dangerous practice as the bulb generates a tremendous heat and is apt to set the paper on fire.

If a person's clothing takes fire, throw them on the floor and wrap them in a rug, heavy coat, or some similar material. If your own clothing takes fire, do not run. This spreads the flames, lie down on the floor and roll over.

A fire extinguisher kept close at hand, or a pail of water will be a valuable asset. You may be able to check a bad fire at its source.

No Pleasures For Chinese War Chiefs

(International News Service)

HANKOW, Dec. 21.—Chinese government officials directing the war against Japan can't go dancing in cabarets or playing around with singsong girls. Not in Generalissimo Chiang Kai-Shek's government. If they try it, they will face a firing squad.

Generalissimo Chiang made this plain today by issuing an order for execution of any government official caught tripping the light fantastic in a cabaret.

He also decreed "drastic punishment" for officials found gambling or seen with the famous singsong girls. Special policemen are patrolling the amusement section of Hankow with a sharp eye out for government authorities.

Police Officer Faces Term In Michigan Prison

Possible 15-Year Term For Policeman Who Killed Wife And Her Lover

(International News Service)

DETROIT, Mich., Dec. 21—William Hawthorne's bloody "experiment in emotions" today brought him a conviction of manslaughter and a possible 15-year prison sentence.

A 23-year old rookie police officer who confessedly studied the emotions of his secret bride and her young lover as he shot them to death October 1, was found guilty of manslaughter last night by a jury of eight women and four men.

The conviction was for the slaying of John Barrett, Jr., 23-year old childhood sweetheart of Catherine Fox, the beautiful 21-year old co-ed Hawthorne married while he was a star athlete at Michigan State normal college in Ypsilanti.

Hope To Rescue Father And Three Of His Children

Four Isolated On Island With Dwindling Fuel Supply, Report

(International News Service)

HARRISBURG, Dec. 21.—Motorboats were to be used today in an attempt to rescue a father and his three children isolated on their island home with a dwindling food supply.

Caught by the sudden breakup of river ice and the subsequent high water were Carl J. Eickelberger and three of his children, Carl, Jr., 8, Patricia Ann, 6, and Richard, 4. New Cumberland firemen planned to reach the site of their home—constructed from an abandoned street car — on Bailey's Island through the open waters at the upper end.

Ask Aid In Hunt For Missing Man

Grove City Man Has Been Missing From Home Since Last Wednesday

(Special To The News)

GROVE CITY, Dec. 21.—His wife and two children today asked newspapers to aid in the search for Paul T. Kifer, local insurance salesman who has been missing from his home here since last Wednesday. He was last reported at Slippery Rock, police have discovered. A gas station attendant there said that after he left, two strangers inquired for him.

Since his insurance duties required him to make collections in Mercer, Butler and Venango counties, and the highways were covered with ice on the day of his disappearance, no alarm was felt when he did not return home in the evening. The next day, his disappearance was reported to police, but facts were not made generally known. On the theory that his car had skidded into a ravine along some little-traveled road, an extensive search was conducted, without success.

Kifer is a World War veteran, and has been connected with the National Guard for 17 years until he resigned a month ago as first lieutenant and commanding officer of First Battalion Headquarters Co., 112th Infantry with headquarters here. He was a talented writer, and had several short stories published in magazines.

When last seen, Kifer was driving a sedan with Pennsylvania license 627-C-9. He is five feet, 11 inches tall, and weighs 155 pounds. He has black hair, brown eyes, a hump on his nose where it had been broken, and his left arm had been broken.

Information as to his whereabouts should be forwarded to Grove City police.

Navy Destroyers Leave San Diego

Move To San Pedro In Sudden Maneuver—Officials Are Silent

(International News Service)

SAN DIEGO, Cal.—While Naval officers remained silent as to their mission, nine Navy destroyers were racing to San Pedro today and 500 men attached to the Naval Aircraft scouting force were under orders to report immediately for duty.

The destroyers steamed out of port here under forced draft, and none of the officers would make any comment as to their destination. It was learned later, however, they were bound for San Pedro.

Immediately after the vessels departed the call went out for the aircraft scouting force men to report for duty at North Island.

Crews of the vessels were for the most part on holiday leave, and the sudden call to report for sea duty created some excitement in Naval circles here.

High officers of the Flotilla expressed surprise at the orders but refused to make any comment other than to declare they did not know why the ships were ordered to sail.

The same was true of the officers of the aircraft forces. As the men began reporting back for duty, the only answer to questions was: "No information."

Citizenship Campaign At Senior High

Canvassing the school for the past two weeks, the Citizenship Campaigners have been putting forth untiring effort to enlist the students of Senior high school to their "Better Citizen's Club."

Supported by the student council and school service squads this group of formerly one hundred fifty members has now grown to 900 strong.

This body is under the capable leadership of James Howley, Mary Lou Fulkerson and Sam Davy.

The purpose of this society is to arouse the students to the fact that citizenship training is very essential to young men and women who will, in future days, step into places of voters, legislators and government executives.

From time to time this chosen group proposes to receive opinions of citizenship training from leading men and women of this city. Last week the group met and were given high respect by the Hon. Charles McGrath.

This club not only hopes to be a benefit in itself to arouse enthusiasm in the school and city as to the importance of early training in the principles of citizenship.

Pritchard Is Acting Coroner

Fills Office Vacated By Potter As Governor Fails To Make Appointment

TO SERVE UNTIL GOVERNOR ACTS

Sheriff Edward D. Pritchard is filling two offices today, that of sheriff and coroner, due to the fact that no appointment has been made by Governor George H. Earle, following the resignation of Coroner Orville Potter yesterday.

Sheriff Pritchard has been coroner since midnight but has not had any calls as yet. He is prepared to carry out the duties of the office until a successor to Potter is named by the governor.

Advices from Harrisburg today stated that no appointment has been made as yet. Just what hitch has developed was not known, either locally or at Harrisburg.

Famed Transfer Station Passes

Manhattan Transfer Loses Significance As Pennsylvania Electrifies Lines

MAXWELL HELD MANY EDITOR JOBS

By O. O. M'INTYRE

NEW YORK, Dec. 21.—Manhattan Transfer, save for an elegy in The New Yorker, passed from the scene without a single editorial lament. For years it was a peg upon which to hang a vaudeville, revue or paragrahpic jest. It was opened at the same time as the Pennsylvania station, 30 years ago.

O. O. McIntyre

In the beginning it was merely a dinky station at which all trains on the Pennsylvania stopped while changing engines to electric cabs. When the electrification of the road was extended to Wilmington the station was no longer needed and was abandoned.

For millions of first-time visitors the cry of "Manhattan Transfer" was a signal they would soon see the metropolis. Thus it always sent pulses pumping. Yet there was nothing whatever to Manhattan Transfer, save this lonely little building.

No one lived there and there was not even a ticket seller. Express men boarded the trains at this point to check baggage about the city. And there was a brick walk upon which many notables stepped for a bit of leg stretching, but it is also gone with the station.

No other living editor holds the all-time record for occupying so many editorial posts as Perriton Maxwell. His list includes six newspapers and seventeen magazine editorships. When asked why he hopped from bough to bough, he replied simply that in every instance it was to better himself financially. Among his jobs were editorships of Cosmopolitan, Hearst's, Judge, Leslie's, Arts and Decorations, Police Magazine, Nash's of London and the Theatre Magazine.

Bob Davis, when head man of the Munsey group of magazines, reputedly discovered more new writers than any other editor Chief of whom was Fannie Hurst, who sold him her first short story for $28. Max Brand, so called king of the pulps, was also, as I recall, a discovery of Davis. And, of course, he did much to stimulate O. Henry in the faltering days when he was not so certain he had the story telling gift, later so universally acclaimed. When I was bombarding the Street and Smith magazines and not making the slightest scratch, Herb Roth suggested I train my guns on Davis. I did, and while I never scored a bull's eye, I never received the customary printed rejection. There was always a cheery, better-luck-next-time note. And only a free lance starving for a back-pat knows what such cheerios mean.

Sheila Barrett is regarded as the most extravagant of the telephonists. Away from the spotlight and microphone, she is not at all garrulous. Indeed somewhat reserved. But now and then after finishing her night club chore she feels restless and talkative and so gets on the phone, calling up friends in California, Florida, Europe and where not. She has had weekly phone bills of more than $500, which gives the idea.

Revenge: The outstanding distasteful chore for the professional photographer is assignment to take a family group picture, especially where there are many children. This offers the most difficult posing and is rarely satisfactory to those posed or the cameraman. Recently a bunch of lensmen were assigned to take a picture of Joseph P. Kennedy, the U. S. Merchant Marine chief, and his family, at their Bronxville estate. Both Kennedy and wife dislike publicity and he told the photographers so frankly. But when the visitors were so insistent Kennedy left them a moment and returned with his wife and nine—count 'em nine—children, all parading out on the front porch, single file. They didn't have to ask Kennedy for one of the prop photographic smiles, he was so amused at their bewildered expressions he fairly beamed.

Dog lovers have the rarest of treats in the new Ed Wynn show. An act called Gordon's dogs. Scene: A man reading a newspaper. One by one without coaching the dog actors come on and perform extraordinary capers. All are miscellaneous mutts and the climax is when one outrageous pup suddenly makes the man perform.

From a trade paper: "McIntyre, the columnist, napped most of the time, but jumped to his feet twice with a few words." Every now and then a lucid interval!

Forecasts Planes Will Carry 5000

(International News Service)

NEW YORK, Dec. 21.—There will be airships which can carry 5,000 passengers on non-stop flights around the world with taxi planes landing and taking off from its back en route.

That's the way things will be in the year 2000, Charles J. Smith, amateur airplane designer, predicted today.

Smith pointed to his fabulous models of the year 2000.

"Don't think they are just some nightmares I had," he said. "These models are built on aerodynamic fundamentals."

For the near future, a matter of fifty years, Smith prohesied gigantic 100-ton, 16-motored planes.

"The real giants, however, will be the lighter-than-air-ships", he said.

MEERMANS WILL BE NEXT SPEAKER

PITTSBURGH, Dec. 21.—Flying a giant airliner unusually low over Aliquippa late yesterday was explained today by the pilot as due to an effort on his part to avoid icy conditions.

The unusually low altitude at which the plane flew over Aliquippa prompted reports the plane had crashed and sent Aliquippa police and residents of Aliquippa and nearby residents out in search for the ship.

Dozens of persons telephoned from the surrounding neighborhood to inquire concerning the plane.

Pilot George Brill brought his plane safely to the county airport 40 minutes late after a flight from Columbus.

Woman Burns To Death In Hotel Fire In Indiana

Three Others Seriously Injured When Flames Sweep Through Hotel

(International News Service)

GREENCASTLE, Ind., Dec. 21—A woman was burned to death, and three persons were injured seriously when a fire swept the Crawford hotel here today.

Firemen rescued 30 other guests, carrying them down ladders from the second floor to safety.

Mrs. Louise Keukelinck, about 40, of Mishawaka, Ind., suffered fatal burns.

The fire started from an overheated stove in the hotel laundry. Damage was estimated at nearly $15,000.

Thanks Chinese For Aiding Of Panay Victims

(International News Service)

HANKOW, China, Dec. 21—United States Ambassador Nelson T. Johnson today formally thanked Generalissimo Chiang Kai-Shek's Chinese government for the "prompt general assistance" rendered to the survivors of the Panay, United States gunboat sunk in the Yangtze river by Japanese bombers.

The survivors were assisted by Chinese magistrates at Hoshien and Hanshan, near the point where the Panay and three American oil vessels were sent to the bottom of the river.

GUNDERMAN IS GIVEN FREEDOM BY JUDGE MAXEY

(Continued From Page One)

Somerset county jail where he has been an inmate since last spring at 10:30 this morning. He left at once for Harrisburg where he said he will meet his wife and his family who are coming from Hollidaysburg.

Margiotti Not Present.

Margiotti, who fought a bitter courtroom feud with Justice Maxey during conduct of the so-called "third degree" cases, was not present in the courtroom when Justice Maxey released the husky former state trooper. In sentencing Gunderman, Justice Maxey publicly stated he would have granted him a new trial were it not for his desire to save the Fayette county taxpayers from further financial burden. The trials have already cost an estimated $50,000 or more.

Justice Maxey said he had conferred with Judge Norman T. Boose of Somerset county and that Judge Boose had agreed and approved his action.

Gunderman was felicitated by District Attorney James A. Reilly of Fayette county, himself a defendant in the case who was acquitted in Pittsburgh where the case was transferred on a change of venue granted by supreme court.

Margiotti was represented by District Attorney Archibald Matthews of Somerset county. He made no comment.

BRITAIN STILL RECOGNIZES CHIANG KAI-SHEK REGIME

(Continued From Page One)

named Peking—under Japanese auspices, and manned by Chinese officials favorable to Nippon.

The new Peking government considers Chiang's regime nothing more than an "outlaw" provincial establishment, but not so the British.

It is expected by observers here that the appointment of the new British envoy to Chiang's government will provide another cause for Anglo-Japanese friction, already whipped to fever heat by Nipponese attacks on British ships and interests in China.

Possibly to offset this, however, it was learned, Japan has secretly embarked on a campaign for closer friendship with Britain.

Viscount Kikujiro Ishii, one of Japan's most famous statesmen, is now in London as a Japanese "ambassador of good will," with full authority to begin "peace" talks between the Japanese and British governments to ease the tension between London and Tokyo.

DIZZY DRIVING CASE IS CALLED FOR TRIAL

The case of J. E. Reid, charged with operating an automobile while under the influence of liquor, was taken up for trial before Judge W. Walter Braham at Lawrence county court, about noon today. It is claimed that Reid's car collided with a car driven by R. J. Hodil of Butler, at the intersection of East Washington street and Florence avenue. Considerable damage was done to the cars. It is claimed that Reid was under the influence of liquor, which he denies.

President Makes Reply To Landon

G. O. P. Candidate Of 1936 Pledges Anew Support Of President In Crisis

"POLITICS END AT WATER'S EDGE"

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Dec. 21.—Peace is the ultimate goal of the American people, but it cannot be assured "by closing our eyes to the fact that whether we like it or not we are a part of a large world," President Roosevelt said today in a telegram to Gov. Alf. M. Landon, his opponent for the presidency in 1936.

The president's telegram to Gov. Landon was in reply to a message which the Kansan sent him, pledging anew his support of the administration on its foreign policy. So far as he is concerned, Landon's message stated, "politics cease at the water's edge."

Gov. Landon scored those members of both parties who have been critical of Mr. Roosevelt's handling of the delicate Japanese situation. They were, he said, making the same mistake that certain British members of parliament made in 1914, in giving the impression that England wouldn't fight under any circumstances.

Such tactics and conduct, Landon said, tend to "hamstring" the executive's conduct of delicate foreign situations.

Gov. Landon congratulated Mr. Roosevelt upon his rejection of the idea put forth in the Ludlow resolution that a national referendum should be had before any foreign war was declared. The American people want peace, he said, but a peace that will retain for the United States the respect of other nations.

In reply, the president telegraphed a warm message of appreciation to the Kansan, observing that "it helps me meet the problems which confront our country in the field of foreign relations during these troublous times."

This exchange of messages between the leaders of the two dominant parties—rather remarkable in any case—will do much, it is thought, to offset the impression that foreign governments may have obtained that there is a division in American public opinion concerning the far eastern crisis.

Fear Additional Relief Appropriations Will Be Required

Compensation To Aid In Some States

Administration Leaders Uncertain As To How Much New Experiment Will Mean

EFFECTIVE IN 21 STATES IN JANUARY

By FREDERICK N. POLANGIN
International News Service Staff Correspondent

WASHINGTON, Dec. 21—Administration leaders had virtually abandoned hope today that unemployment compensation payments will aid materially in averting additional relief appropriations if the business recession continues or gets worse.

WPA officials were doubtful that the benefit payments, starting January 1 in a limited number of states will relieve the strain on relief rolls to any appreciable degree during the rest of the fiscal year, ending June 30.

In Twenty-One States

Only 21 states and the district of Columbia, in addition to Wisconsin whose system has been in operation for some time, will be ready to begin these payments after January 1. But, said one high government official, the law will be in an experimental stage for many months to come. By July 1, 1939, all states and territories will be covered by the program although there is a movement in Congress, with administration backing, to apply this phase of the social security act to the laggard states sooner.

Government officials have no idea how many workers will benefit under the law or to what extent the payments will go toward alleviating the drain on federal funds for the unemployed. Further, local employment offices as well as the insured workers must adjust themselves to the many ramifications of the broad social experiment.

Prisoner Died Of Natural Cause

(International News Service)

LEWISBURG, Pa., Dec. 21.—Major H. C. Hill, warden of Northeastern Federal penitentiary, said Monday there was "absolutely no truth" to a report that the prison death of Thomas (Pivot) Burke, convicted O'Connell kidnaper, was caused by poison and not natural causes.

"The man died about six weeks ago of what was found to have been a heart attack," Hill said. "As always in the case of a sudden death, we arranged an autopsy and called in the Union county coroner for a legal inquiry. Everything was proper and regular and there was nothing to indicate the prisoner died from anything but natural causes." Major Hill said Burke had died in his cell during the night. His body, he added, was "shipped home" to relatives.

Cites City's Share Of Paving Streets

City Engineer Glenn R. Throop today during council meeting at the city hall certified the completion of paving and city's share of cost thereof of several streets, which were as follows:

Albert street, between Norwood and Englewood avenues, $732.33.

Waldo street, between Hamilton and Grimes street; no cost.

Edgewood avenue between Highland and Delaware avenues; $191.85.

Meyer avenue between Highland and Delaware avenues; $193.25.

The cost represented the money for materials used at street and alley intersections. There were none in Waldo street where the paving was laid.

County commissioners were notified this morning that the railing on the Moravia street bridge over Big Run is in bad shape. It is believed to have been damaged when an ice gorge was dynamited, and has been getting worse. It is a county bridge and will be looked after at once.

Fifty-seven instruments of all kinds were entered at the register and recorder's office last week. Of this number 24 were deeds and 13 were mortgages. Four of the mortgages, totaling $8,400, were given to building and loan associations; six, totaling $12,500, to banks; two, totaling $2600, to individuals, and one for $1,650 to the Firemen's Relief association.

County commissioners will inspect the proposed location of three bridges on the New Castle-Pulaski road this week, after which they will take action on plans which have been sent by the state highway department. Some changes are to be made in the location of Sulphur run, where one of the bridges is to be placed.

In the case of Pericles K. Santis against Alexander Santis, a motion to fix counsel fees for attorneys representing the Metropolitan Life Insurance company, garnishee, was presented to court. Judge Braham fixed the fee at $25.

'Bluebeard' In Weeping Mood

Eugene Weidmann, Breaks Down When Confronted With Effects Of Brooklyn Dancer

(International News Service)

PARIS, Dec. 21.—Eugene Weidmann, "Bluebeard" of St. Cloud, broke down and wept today when he was shown the effects of Jean De Koven, Brooklyn dancer, one of his six confessed victims.

"I did a terrible thing!" he sobbed. "I did a terrible thing."

For two hours Weidmann was grilled by Magistrate Berry in the Versailles court in an attempt to solve other murders which have puzzled French police.

Apparel belonging to more than a score of women found in the murder villa at St. Cloud was held up before him.

Breaks Down.

But it was not until he saw the little purse from which he stole a few hundred francs after strangling Miss De Koven that Weidmann broke down with hysterical sobs.

He wept so violently that he had to be led back to his cell.

Weidmann faces a still worse ordeal today when he will confront his three alleged accomplices—now bitter enemies. They are Roger Million, Collette Tricot and Jean Le Blanc. All, police said, may be taken to the villa for re-enactment of the crimes.

The body of Miss De Koven, disinterred from the St. Cloud clay, will be sent to New York on the Berengaria.

HEAT KNIFE

Florence Eldridge, screen player, suggests that the bread knife be heated before using it to cut extremely fresh bread. If this is done, the bread will not break off and can be cut in thin slices, says Miss Eldridge.

Bright Outlook For Pittsburgh Steel District

President-elect Of U. S. Steel Is Banquetted In Pittsburgh Last Night

(International News Service)

PITTSBURGH, Dec. 21.—A bright outlook for the future in the Pittsburgh steel district was left today with 1,000 business and civic leaders who attended a dinner here given in honor of Benjamin F. Fairless, president-elect of the United States Steel corporation of Delaware.

The affair was sponsored by the Chamber of Commerce in honor of the transfer of "big steel's" executive headquarters to Pittsburgh. In honor of the occasion Mayor Cornelius Scully set aside the day as steel day. Whistles atop steel mills throughout the area shrilled out a salute to the U. S. Steel head during the day.

Fairless pointed out that Pittsburgh had been chosen as executive headquarters of the giant corporation because of its "strategic position as the logical location of the principal headquarters of the management corporation" of U. S. Steel.

"The decision to center the principal headquarters of the new management company in Pittsburgh was based upon its central location and its general atmosphere of steel operations," he added.

Other speakers hailed the transfer as securely establishing Pittsburgh as the steel manufacturing center of the world.

AROUND CITY HALL

Indications are that the city fathers will immediately make a check of all properties to which the city holds title by virtue of tax sales, the city solicitor having opined that the city may legally collect rents for such properties. His opinion was delivered to the solons Monday as a result of their request for information pertaining to the situation some time ago. It was reported at that time that the city held title to properties in practically every ward in the city and that taxes on many of them had not been paid.

Parking meters monopolize considerable time of city police. Traffic officers watch the meters and every week two men are assigned for one day to make the collections. They also assist in the breaking of the seals and in resealing the coin boxes. So far the average weekly collection has averaged about $500, although there have been some weeks when the count showed less than $500. In some cities where meters were installed, arrangements have been made for increasing the number of meters.

It is likely that local police authorities will ask Cambria County, Pa., authorities to interrogate Henry Kent, 35 and Clyde Cobaugh, 33, now held at Ebensburg, as to what knowledge, if any, they may possess in connection with the looting of a safe here. The pair was taken after safes were cracked in several counties earlier this month. The local safe was robbed of $139.00. A revolver also was stolen.

New Transport Type Planes To Cross Atlantic

(International News Service)

NEW YORK, Dec. 21—Breakfast in New York and dinner in London may become a reality in 1940, Pan-American airlines indicated today.

Proposals from eight American airplane manufacturers for trans-Atlantic transports capable of carrying 100 passengers at minium speed of 200 miles an hour are to be submitted by March 15. It will take nearly three years more, however, Pan-American said, to build, test and prepare for service the new air transport type.

Program At Union High School Well Attended Monday

Several Hundred Persons See Christmas Program Of School Students

An excellent Christmas program was presented Monday evening by members of the music department of Union township high school to an audience of several hundred who filled the school auditorium for the presentation.

During the first part of the program, all of the unusual things which take place during an English Christmas celebration were depicted by the students. In the second portion of the program, the birth of Christ was shown in a very colorful and picturesque performance.

The first part of the program was presented by the grades of the township school and the second part by combined choruses of the junior and senior high school.

Christmas songs, sung by the students, made up the greater portion of the program. Attractive scenery which added a great deal to the program was made by the art department of the school, working under the direction of Merrill C. Young, instructor.

Cigaret Dealers Are Given Warning

Must Have Permits On Display On January 1, As Required By Law

Warning is given by J. L. McCorry, Division Chief of the Department of Revenu, Stamp, Store and Theatre Taxes, at Pittsburgh, that all cigaret dealers, both wholesale and retail, as well as operators of cigaret vending machines, must have their 1938 cigaret dealers permits conspicuously displayed on January 1, 1938, as required by law.

These permits expire on December 31, and the new permits must be on display on the first day of the year. Mr. McCorry states that under the amended Cigaret Tax Act, summary proceedings may b instituted against violators of the provisions of the Act. The fine for conviction for a violation is $25, or not more than ten days in jail.

Dealers who failed to receive their 1938 applications or who have lost or mislaid them may secure an application form by addressing Mr. McCorry at 508 Plaza Building, Pittsburgh.

LABOR PEACE FAR REMOVED

C. I. O. And A. F. Of L. Committees To Meet Today To "Resume" Negotiations

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, Dec. 21.—Deadlocked and bitter as ever, committees of the American Federation of Labor and of John L. Lewis' C.I.O. meet here today, to go through the motions of resuming negotiations for reunion.

Actually, neither had any hope that today's meeting would be anything but a formality. There were indications from each side that an indefinite recess of the negotiaions would be agreed to, signalling formal collapse of the peace moves.

Adding to the bad feeling existing between the two groups was the C.I.O.'s charge today that the federation joined "sweatshop employers and tory politicians" to defeat the Black-Connery wage-hour bill in the house last week. The charge was made in an editorial in the CIO News, the union's weekly newspaper. The C.I.O. forces supported the measure but the A. F. of L. demanded it be defeated and had members introduce its own substitute bill.

If a recess is taken at the conclusion of today's conference, as expected, the C.I.O. and the A. F. of L. will be right back where they were when the negotiations started in October—far apart and at war.

AUTOMOTIVE TAXES WILL HIT NEW HIGH

(International News Service)

NEW YORK—Automotive taxes will hit a new high of $1,550,000,000 in 1937, or nearly $125,000,000 more than in 1936, according to the American Petroleum Industries committee.

The bulk of these payments, $1,145,000,000, will go to state governments in the form of gasoline taxes and registration fees. The federal government will receive as its share approximately $330,000,000, of which nearly two-thirds will be derived from the duplicating federal tax on gasoline. Around $1,000,000,000 will be expended for road funds.

ELKS PARTY TONIGHT

A "Christmas turkey party" will be enjoyed tonight by members of New Castle's lodge of Elks and their ladies in the Elks home.

CRASH VICTIM STILL SERIOUS

It was reported at the Jameson Memorial hospital today that the condition of James Elliott of South Beaver streeet, whose left leg was so badly crushed that it had to be amputated above the knee, when he was struck by the automobile driven by William B. Leicht of East Clayton street early Sunday morning on the Wilmington road, was still serious.

Elliott had only a fair night, it was stated at the hospital. He is suffering considerably from the shock to his nervous system, which resulted when his leg was crushed.

Mother, Mix Your Own Cough Remedy. It's Better

Double-quick Relief. Saves Money. Easily Mixed.

No matter what you might spend for medicine, you couldn't get quicker, better relief from coughs that start from colds than this simple home mixture gives. It takes but a moment to prepare—it's so easy a child could do it. And it saves real money.

Make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments until dissolved. No cooking is needed.

Then get 2½ ounces of Pinex from any druggist. Pour this into a pint bottle, and add your syrup. Thus you make a full pint of really better cough remedy than you could buy ready-made for four times the money. It never spoils, lasts a family a long time and children love its taste.

And for quick, blessed relief, you'll say it beats anything you ever tried. It has a remarkable three-fold action. It loosens the phlegm, soothes the inflamed membranes, and helps clear the air passages.

Pinex is a concentrated compound of Norway Pine, famous for its prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

Tax Legislation Will Be Pushed In Next Session

Hope To Aid Lagging Business By Several New Tax Legislation

(International News Service)

WASHINGTON, Dec. 21.—Tax legislation to encourage lagging business today was assured major ranking on the house calendar in the January regular session of congress. Debate on a tax bill may open about January 20.

House leaders united in declaring that the tax bill now being framed by a subcommittee with the aid of treasury experts, will be given right-of-way as soon as it is ready.

While the opening business of the regular session probably will be confined to consideration of supply bills in the house and the anti-lynching bill in the senate, all other matters will be set aside for tax legislation

Hope Expressed

Chairman Vinson (D) of Kentucky of the tax subcommittee, expressed hope that a report can be issued, with the framework of a new tax bill, soon after congress reconvenes on January 3.

With public hearings necessary, it appeared unlikely that the measure could be placed before the house in the first three weeks of the regular session.

The proposed tax measure, in its present tentative form, would repeal the undistributed profits tax on corporations earning up to $25,000 a year, revise and modify it on corporations earning above that amount, and revise and modify the capital gains tax.

Council Permits Redemption Of Lot

Raise In Freight Rates Increases Cost Of City's Coal

Council met in city hall Monday and granted the recommendation of the city's legal bureau that Attorney H. L. Drake in behalf of clients be permitted to redeem lot 213, section 38, city survey upon the payment of $163.88. The lot was sold January 4, 1932 for city taxes.

STATEMENT VERIFIED

Love Coal company's statement that, owing to a ruling of the National Coal commission, Pittsburgh, that freight rates had been increased and he would have to charge the city $4.30 per ton, for Wildwood mine coal, instead of the contract price, $4.00, was verified by a letter given council Monday. P. W. Fombell, president of the New Castle Coal Merchants association, told council in the letter that the rate formerly charged was 93 cents and that owing to the raise, the rate would be $1.28. This came as a result of the Guffy-Vinson coal act.

INVESTIGATE LIEN

Officials of the Lehigh Portland Cement company Monday visited council session investigating a lien on a piece of their property along Taylor street. They said it was the first notice they had. According to City Solicitor William D. Cobau there was a question in his mind if the land is worth the face of the lien.

Three In Family Burned To Death

Blame Overturned Lighted Lantern For Death Of Father, Mother, Son

(International News Service)

OLEAN, N. Y., Dec. 21.—An overturned lighted lantern was blamed today by Dr. S. J. Castilone, coroner, for the death of three persons who lost their lives when flames swept their home in Godfrey Hollow.

The dead are: Mr. and Mrs. Bert Barden and their son, Egbert.

Morgan L. Sigel, deputy sheriff, who is investigating the tragedy, said today that the fire apparently started when the lantern was accidentally overturned.

It was found outside the Barden home, where it had been thrown by one of the members of the family.

Action of the three in the house is believed to have spread the flames, cutting off their escape by the single door built in the structure. The only other openings were two windows.

The additions are being added now as fast as they are being certified by the relief forces. A number of new projects which can be worked during the inclement weather will be added to the present list of projects.

Mr. Robb spoke on the need for such a law as the General Welfare Act of 1937, and predicted that the Townsend Plan will become the law of the land in 1938.

Butler Wedded To Wealthy Girl As Parents Burn Up

Donald Crane 32, Butler, Weds Wealthy Miss Jane Keyser, 22, In Elopment

FAMILY FAILS TO BECOME RECONCILED

(International News Service)

BALTIMORE, Dec. 21.—Donald Crane, 32, an affable butler, followed a certain learned professor's advice and married the boss' daughter.

Monday he was without both a butling job as well as his kissless bride—the former Jane Keyser, 22, daughter of Mrs. William Keyser, Jr., of the exclusive Green Spring Valley section near here.

Members of the family admitted the society girl and the butler in her household, ha . eloped to Rockville, Md., Friday and were married.

It was admitted that "Mrs. Crane had returned home immediately after the ceremony" and that "Mr. Crane left shortly afterward." Members of the family denied the bridegroom's complaint to county police Saturday that they planned to take Mrs. Crane "out of the country."

Did Not Approve

While members of the family were reluctant to discuss the elopement they made it quite evident that they did not approve of a hasty marriage.

William Fenwick Keyser, a brother of the bride, denied any knowledge of the family's plans to seek an annulment. He said Crane had been employed in the household for six months and lived at Laurel, Md.

A state trooper reported he saw Crane near Laurel Friday night "and he looked as if he had been in an accident." The brother also knew nothing about this and said he was duck hunting Friday.

Neither the bride nor her butler-husband could be reached today and members of the Keyser family said they had no further statement to make.

Social Security Efficiency Here Reaches New High

High efficiency ratings for New Castle's Social Security field office were released today by officials of Region Three, an area embracing 29 such field offices throughout Pennsylvania, New Jersey and Delaware.

It stands high in two social security classifications. First, it ranks third among the 29 in the number of account number errors, and second, it rates very well when it comes to correctly estimating the number of claims it expects to forward to the Philadelphia regional office each month.

In November the local office in the Johnson building opened 1,264 new social security accounts with scarcely an error, earning third place with a percentage of 0.03. Johnstown took first honors, Oil City second. For November it estimated that 87 claims would be filed and exactly 70, not too many under that, were filed. In the latter division it had a percentage of 80.5.

Home today from Philadelphia and a three-day conference of the 29 field office managers was Weiland J. Michael, who manages the local office. The New Castle headquarters serves Lawrence, Beaver, Butler and Armstrong counties.

ROTARY DONATES CHRISTMAS TOYS

Members Take Santa Role; Safety Film Luncheon Entertainment

A load of bright Christmas toys, stacked high by members of New Castle's Rotary club as they arrived at The Castleton Monday for their weekly luncheon program, will be distributed among the youngsters of the Margaret L. Henry and the Crawford-Oakridge homes this week.

Each members contributed some gift—and E. J. King, chairman of the club's transportation committee, is seeing to it the children get the toys.

Amid the colorful yuletide decorations of the hotel's ballroom the club yesterday witnessed the showing of an educational film. "Safety First." The point the pictures stressed was that accidents can be prevented. The film was shown through the courtesy of Joseph R. Rick, a member of Rotary.

Thomas W. Dickey, Lawrence county's new judge, was the only luncheon guest.

Report Japanese Plan To "Seize" American School

(International News Service)

PEIPING, Dec. 21.—A Japanese plan to "grab" the $5,000,000 American Tsinghua university to house students from the Sino-Japanese Tungwen university, which was burned in the fighting at Shanghai, caused a sensation in foreign circles.

Fearful of reactions in Washington, Tang Er-Ho, Peiping education minister, is opposing the plan.

Professor Robert Winter of Chicago, member of the Tsinghua committee, is also struggling to preserve the property intact.

Tsinghua college was established ten miles west of Peiping after President Theodore Roosevelt remitted $5,000,000 in Boxer indemnities for the purpose. It is now in the hands of the Japanese army, while the staff and students are functioning at Changsha.

Should the Japanese take over Tsinghua university, further complications would be invited with America since the operating funds still come from America's share of the Boxer indemnity.

Erie East High Tops New Castle By Score 28-24

Too Much Herzdik Spells Doom For Locals In Third Game Of Year

SHARON HERE ON WEDNESDAY NIGHT

New Castle High's winning streak on the basketball court that had reached two games, came to abrupt end last night at George Washington Junior High when Erie East High hung a 28 to 24 setback on the "Red Devils". The game was fast and hard fought in every period.

New Castle led the first period 7 to 4, with Nocera and Ryglinski doing the bulk of the scoring. For Erie it was Demanovich and Tynzinski that did the scoring.

The end of the first half found the locals out in front by a 14 to 12 count. Koszela and Marvin did the most of the scoring in this stanza, for New Castle with Herzdik and Klein the big guns for Erie.

Game Tied Up

The end of the third period it was 20-20 and what a ball game it was. The boys were playing hard and fast. It was anybodys game as the fourth period got under way.

Ryglinski put New Castle ahead 22 to 20 with a shot under the basket. Demanovich tied it up again at 22-22 with a shot under the basket. New Castle took time out. With five minutes of the game left it was 24 to 22 Erie when Herzdik dumped in two fouls.

With two and a half minutes left of the game, it was 24 to 23 when Ryglinski made another foul. Herzdik put the game on "ice" for Erie when he dumped in a field goal that made it 26 to 23 and then just to make it safe Klein dumped in another and the game was over, and it was 28 to 24. Strausbaugh made a foul for the final New Castle point.

Sharon Wednesday

Herzdik was the big point getter of the game, with 13 points. For New Castle "Cash" Koszrla and Nocera had the most points. Demanovich played a fine game for Erie East.

It was announced that Sharon High will play here Wednesday night at Washington High. The preliminary game at 7 o'clock.

Trout Season May Be Delayed

May 1 May Be Designated As Opening Date Of Season In State

COMMENT IN SPORT CIRCLES

By DICK SHANER
International News Service Sports Writer

HARRISBURG, Dec. 21.—Short and sweet:

If the present proposition submitted to Pennsylvania anglers receives a fairly strong vote of approval, the opening date for trout season will be delayed until May 1, two weeks beyond the usual April 15 date... "Feelers" were sent out to various sports associations and clubs in the state by the fish commission in an attempt to determine the reaction and opinions of the anglers...So far, there haven't been enough replies received to give any idea which way the poll will go...Proponents of the plan argue that the delayed date will allow more time for stocking of streams and that freezing weather also may prevail in some sections on April 15.

When the center-jump was eliminated from basketball, the rules committee stated it was done in the best interests of the player...They took the stand that the center jump worked an unnecessary strain and hardship on participants and that in the closing stages of the game, the center jump was "killing" to players...Now the question "will the opinion kickoff in football be discarded?" has been raised.

True, the very thought of such a drastic change seems far-reached and silly...But look at it from this angle...When the two teams go into action, the players are cold and high-strung, especially so if it is a traditional tiff or perchance a championship game...With the opening gun, they go slam-bang into action at a speed of 40 miles an hour, providing leeway for possible injuries and at the same time drawing heavily on energy and stamina.

If the basketball rules committee thought the center-jump was hazardous and worked an unnecessary hardship on players, isn't there a possibility that elimination of the colorful kickoff might be given serious consideration by the football rule makers if it were viewed in this light.

Addenda: Connie Mack, veteran pilot of the Philadelphia A's, will celebrate his 75th birthday Thursday...The banquet season is on in full swing, with everybody and anybody being named on all sorts of teams or being voted the standout athlete of the year...The PIAA'S proposed amendments concerning spring football and the age reduction of players received another emphatic vote of disapproval...The WPIAL, the Far West league, rejected the proposals and, by so doing, added its protest to a number of other districts in the state.

Alabama Team Goes To Coast

"Bama" Eleven Confident As Train Leaves Station Bound For Rose Bowl

(International News Service)

TUSCALOOSA, Ala., Dec. 21.—Bound for another engagement in the Rose Bowl, Alabama's famed Crimson Tide, accompanied by university officials, entrain here today for the west coast.

While admitting a tough assignment is ahead, both players and coaches were confident as the time neared for the train to pull out of the small station here.

The Tide's famous "stretch finish", which has enabled them to pull several games out of the fire during the regular season, is counted upon to go far toward another Rose Bowl victory, even though the team may lack some of the scoring punch of former Alabama delegations.

The first stop—a brief one—will be made in New Orleans, and the first training period en route will be held tomorrow in San Antonio.

The following day the Tide will roll from their train for another practice period in Tucson. They are scheduled to arrive in Pasadena on Friday morning.

East Brook Battles Union High Tonight

On the Union Township high school floor tonight, East Brook high basketball team opposes Union high. In the preliminary at 7:30 o'clock the East Brook girls line up against the Union maidens.

Both games are anticipated to be fast.

Sharon Here On Wednesday Night

Sharon High's Orange and Black Tiger basketball team will be the opponents for New Castle High at the Washington High gym floor on Wednesday night, it was announced today by Faculty Manager Ralph H. Gardner. The first game will start at 7 o'clock. The reserves of both teams will tangle in the initial setto.

New Castle after losing to Erie East last night will be hopping mad and anxious to atone and will no doubt give the Collodi coached team a tough evening's evening.

HERE AND THERE IN SPORTS' LAND

The trek homeward of boys who are attending college already has started and among those to arrive is William (Red) Bender, son of Mr. and Mrs. Martin Schlager, Terrace avenue. Bender is versatile as an athlete. He is a member of the Western Maryland football team, boxing team and also the track team. He reports that Western Maryland lost five and won four football games. Two weeks ago the boxers were called out and Bender started to get into condition. He is a welterweight and has been matched to box Sammy Donato, Penn State, intercollegiate welterweight champion soon after he returns to school. On two previous occasions Donata has defeated "Red." The first time Bender lost at State college on a decision and in the intercollegiate meet at Syracuse, N. Y., lost by a technical knockout. Bender is also one of Western Maryland's mainstays on the track team.

Ralph Greenleaf, world pocket billiards champion yesterday won the nineth and tenths blocks of his title challenge match with Irving Crane of Rochester, N. Y. He came from behind to take the afternoon block of 132 to 83 in 10 innings with an unfinished run of 89. Running 122 balls in the fourth inning of the night block, he set a new high mark for the match and won 125 to 1.

Nate Mann, conqueror of Bob Pastor, today saw the fruit materialize from his recent fight, Mike Jacobs, boxing promoter, having offered him a chance to show what he can do against Joe Louis, the heavyweight champion, February 23, at New York. Mann has not yet accepted the offer. Originally the winner of the Eddie Hogan-Buddy Baer bout was to have met Louis but Baer, who scored a technical knockout, refused the bout.

Sam Snead, of White Sulphur Springs, W. Va., yesterday came from behind to win the $3,500 Nassau open golf tournament with a 72-hole 276 at Nassau, Bahamas. Snead added a third straight par 70 to his opening 66 to draw down top money of $750.00, as Vic Ghezzi of Deal, N. J., the 54-hole leader, faded to a 73 and finished one stroke back. Ghezzi collected $550.00.

Dr. Alex G. Ruthven, president of the University of Michigan has denied he had agreed to a meeting with alumni to air the Michigan athletic situation following the recent dismissal of Football Coach Harry G. Kipke. Recently a resolution requesting such a meeting was received from the alumni in South Bend. It was treated in accordance with formal procedure in such matters, he stated, adding that he has acknowledged its receipt and will submit it to the board of regents January 10.

A crowd of 10,000 saw the Florida racing season open at Tropical Park, Fla., yesterday with a favorite winning the feature event. Stubbs, 4-year old, owned by Townsend B. Martin, of Westbury, N. Y. made a runaway of the $1,200 inaugural handicap, winning by three lengths over Mrs. T. Stevenson's Kingsbury to reward its backers with $4.60 each and its owner with $800. I. J. Collins' mare, Paradisical showed a length and a half back.

Falcons To Play At Sharon Today

The Polish Falcons will play at Sharon tonight, meeting the fast Sharon Merchants in a preliminary game at the Buhl floor. The main game will send the Sharon Buhl team against the New York Colored Renaissance team, one of the greatest in the country. All member of the Falcon team must be at the club not later than 6 o'clock to make the trip. The next home game for the Falcs will be Thursday night when they meet the Aliquippa Collegians.

New Castle Sokols To Play Farrell

The American-Russian Sokols basketball team of New Castle will play the Farrell Sokols tonight at the Falcon hall at 7:30 o'clock in a preliminary to the Keystone-Rochester Beaver Valley semi-pro league game, it was announced.

The Farrell Sokols are regarded as the fastest team in this part of the state. It will be a great battle. All of the St. Nicholas team is asked to report at the Falc hall at 7 o'clock

TALES IN TIDBITS

By BILL BRAUCHER
Central Press Sports Editor

One of the best guesses of the New Year concerns the ranking of stars by the United States Lawn Tennis association when it meets in Miami Beach Jan. 15..placing ourselves out on a limb, risking our reputation for accuracy in forecasting, jeopardizing our future (if any), we express the belief that Donald Budge will be placed at the top of the list.

Are there any other sure things in 1938 besides income taxes? . . . Well, a horse named War Admiral is entered in the Santa Anita handicap in February, and if he doesn't win it the reason will be that he isn't there. . . . Devil-may-care California commissioners have been offering 15 to 1 on the Admiral . . . those odds based on the belief that the son of Man O'War won't be there . . . but I understand he will be on the job . . . which makes that 15 to 1 appear a good deed in a naughty world . . . the weight assigned to the Admiral is 129 pounds, against top poundage of 130 to be toted by Seabiscuit . . . as one who watched the Admiral win, however, we venture to say that he'd get home first even if he had to carry William Howard Taft.

One other sure thing before we change the subject: California to win the Rose Bowl game on New Year's Day by a couple of touchdowns at least.

* * *

Things that are not so sure: Our first guess concerns the New York Yankees. Not primarily because a rookie (Joe Gordon) is going to play second base . . . but because of the lack of incentive by the players, coupled with improvement of the Chicago White Sox and Cleveland Indians.

Watching Ralph Guldahl play in two or three tournaments, we are not the only ones who became impressed by the idea that this lad can't lose . . . but Grantland Rice and a couple of other fellows have told us that golf is the world's most uncertain game, and we can't handicap Guldahl as a sure thing, with such fellows as Sam Snead, Henry Picard, Denny Shute and Byron Nelson around ready to slide in if Ralph blows one in a bunker.

Still another not-so-sure thing is Joe Louis . . . we are wondering if prosperity, lots of fried chicken, too much sleep, haven't dulled the edge of Joe's ambition . . . you may see a surprise in one of Joe's tune-up fights . . . the Bomber may be tuned down . . . certainly, if some chap like Jimmy Adamick doesn't up and bust Joe loose from his jowls, Max Schmeling will.

* * *

None of the present champions of various departments in the manly art of mayhem seems a sure thing to retain his crown . . . particularly is this true in the lightweight division, where the dancing shadow of Henry Armstrong looms large in the pathway of Lou Ambers . . . John Henry Lewis does not seem to be seriously threatened . . . Barney Ross still is clever enough to stand off the contending welters . . . Harry Jeffra, new bantamweight king, is not much better than many of the good little men in the division who are clamoring for his blood . . . Benny Lynch, flyweight champ, is an unknown quantity, performing only in Europe.

So much for the sure things and not-so-sure things in sports . . . But I'd say, in parting, don't bet on 'em.

K. Pulaski Will Play Epworth M. E.

The K. Pulaski "Big Five" will play the Epworth M. E. team of the Chuch league at the K. P. Hall tonight. The preliminary game starting at 7:30 o'clock will send the K. Pulaski 'B" team against the First Presbyterians.

Coach Johnny Slosernick wants all of the K. P. boys to report early tonight. The Epworth team will give the Pulaskis a tough encounter.

Former Manhattan football coach "Chick" Meehan declared college game could be made more interesting by adopting pro football rules.

Mann And Louis Bout Is Sought

Want Nathan Mann To Meet Joe Louis On Night Of February 23rd

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Dec. 21.—Up to a late hour last night, they were still waiting for Nathan Mann, the prize fighter, to agree to have the "Bop" put on him by Joe Louis here on the evening of February 23 in a sort of strip-tease of the world's heavyweight boxing championship.

Anyhow, that's the way they've got it "spotted" in the program, like the trapeze or bicycle number well down below the star billing, which in this case goes to a scheduled million-dollar gavotte between Schmeling and Louis in June. Maybe, at that, I'm wrong about the cyclists and acrobats. It could be a dog act.

Destiny In Offing

It could be, in fact, that destiny is hovering in the offing, ready to pounce upon this Mann party and claim him as its own. Like many another before him, he has a chance to take the show away from the headliners, beat Louis out of his title, go down to posterity as the symbol of caucasian prestige and wind up with annuities and the gout. But all he seems to be thinking about is the "Bop."

That makes the second guy like that within less than a week, the first being Buddy Baer who, when offered the million-dollar chance, spoke feelingly of his manager who, it seems, couldn't accept because any minute he expected to be called unexpectedly out of town. Mann did a little better, asking twenty-four hours in which to "think it over."

GREENLEAF AHEAD

(International News Service)

NEW YORK, Dec. 21.—After taking another lopsided beating by a score of 125 to 1, Irvine Crane of Livonia, N. Y., today trailed Ralph Greenleaf of New York by 1,261 to 418 in their 1500-point pocket billiards match.

THE GUMPS—THE HOLIDAY SPIRIT

FROM ME TO YOU

By MESEEALL.

After taking a drive around the city streets we find that the north hill district . . . heretofore the show place of the town is not lit up in it's dress of lights . . . maybe it's a little early, that might have something to do with it . . . but it seems to this column that last year they were decorated by this time . . . it shouldn't mean a whole lot to the folks as they already have the lights and there time surely is not that valuable . . . maybe the next few days will tell the story.

Here is a little announcement . . . it will concern a group of women that belong to a swimming class at the George Washington Junior High . . . the instructor has announced that there will be no swimming until the first Wednesday in January . . . there will be an announcement reminding you of that date . . . thank you.

* * *

Something wonderful happened last night . . . our little household was honored by a group of singers . . . there singing was wonderful and it sounded great and seemed as if the notes were coming from the snow flakes . . . but they of course were coming from the voices of the High School Choir under the direction of Robert Duff . . . he has an organization that he can be justly proud . . . we suggest you give a concert some time Mr. Duff . . . I know the people will enjoy it greatly.

Age is a quality of mind,
If your dreams you've left behind,
If hope is cold;
If you no longer look ahead,
If your ambitions' fires are dead,
Then you are old.

But if from life you take the best,
And if in life you keep the zest,
If love you hold;
No matter how the years go by,
You are not old.
No matter how your birthdays fly.

Steady Tone To Stock Market

Majority Of Pivotal Issues Chalk Up Small Games In Morning

By LESLIE GOULD
International News Service Financial Writer

NEW YORK, Dec. 21.—The stock market today displayed little of the previous day's Christmas spirit, as light profit taking restricted efforts to further the advance started last Saturday.

A steady undertone was evident, however, and the majority of pivotal issues were able to chalk up small gains. Trading volume contained at a full-day rate of well over a million shares.

Steels were in moderate demand. Frational gains were registered by Bethlehem and U. S. Steel, the former continuing to hold the price-margin over big steel gained in the preceding session. Youngstown and National also were higher.

Motors and tobaccos were somewhat easier, American Tobacco "B" slipping more than a point. Others in these groups, including General Motors, Chrysler and Ligget & Myers "B," restricted declines to fractions.

Coppers were mixed, Anaconda and American Smelting easing slightly, as Kennecott and Phelps-Dodge gained a little ground. Rails and utilities were moderately improved. Oils, rail equipments and foods held in a narrow range with little change.

Aviations met with fair demand, particularly Boeing and Douglas. Allied Chemical lost a point and Du Pont gained as much in a mixed chemical division. Mail orders were higher.

American stocks abroad were generally improved, scoring substantial gains in Amsterdam on active trading. Commodities here displayed strength, wheat gaining a cent a bushel and cotton more than 50 cents a bale. Bonds were firm.

Randolph Post Enjoys Carols By Kiwanis Chorus

Christmas Party For Sons Of Legion Tonight At 7 O'clock

ELLWOOD CITY, Dec. 21.—Joyous, century-old carols and hymns heralded the coming of Christmas at the regular meeting of the J. Wilbur Randolph post of the American Legion held last evening in the Legion rooms on Sixth street.

"Oh Come All Ye Faithful," "Joy to the World," "It Came Upon the Midnight Clear," "Silent Night" and "The First Noel" were sung by the Kiwanis choral group, led by Robert Taylor. The chorus has just recently been organized and during several appearances at local functions has been very well received and is receiving the hearty congratulations of all their audiences. Members of the Legion post greatly appreciated their selections.

This evening, the Sons of Legion will hold a Christmas party in the Legion rooms at 7 o'clock in charge of their supervisor, J. Arthur Grandey. A special program of games and entertainment has been planned and the topping feature will be refreshments and a treat for everyone. All sons of world war veterans, regardless of whether their fathers belong to the post, are especially invited and will be welcomed.

On Friday evening, January 21, the Beaver county committee will meet in Rochester.

For the next regular meeting of the post on Monday, January 3, the Sons of Legion will entertain the older group with their supervisor in charge.

C. S. Watterson Is Again Named President Of Trinity Brotherhood

The season's devotional theme was conducted by Herman Fleischer, who also led the assemblage in a lively period of carol singing.

Members of the Brotherhood agreed to sponsor a Boy Scout troop for the church in the near future. John Lindgren, a member of the Ellwood City Scout committee, is a member of the Brotherhood and has been instrumental in promoting the movement in the church. Complete plans for the organization and naming of leaders will be made known in the near future.

A delicious dinner served at 6 o'clock under the supervision of Mrs. Beulah Dambach started the evening's festivities. Brightly wrapped Christmas gifts were exchanged. Mrs. May White was awarded the prize for bingo.

Mrs. Edna Kingston was named president for 1938 and the other officers are: vice president, Beulah Dambach; secretary, Mabel Orr; assistant, Ruth Kocher and treasurer, Nelda Mortensen.

Plans were made to hold the next meeting in the form of a chicken dinner on Monday evening, January 3, at the Hostess House.

Cars Damaged In Collisions

Mrs. Angeline Ritarto, Of Hazel Avenue, Injured In Fourth Street Wreck

ELLWOOD CITY, Dec. 21.—Snow covered, slippery highways and streets were contributing factors to a number of serious and minor automobile collisions in this city Monday afternoon and evening.

Cars driven by William Friday of Wurtemburg and John Strohecker of Hazel avenue figured in a head-on collision on Fountain avenue between First and Second streets last evening at 6 o'clock. While neither of the drivers was seriously injured, both cars were badly damaged.

John Ellefson of 414 Line avenue, reported to the local police that he was driving his car on the Ellwood-Portersville road near the Pleasant Hill grange hall on Monday afternoon when his car was crowded off the highway by a truck driven by Philip W. Shaffer of R. D. 1, Beaver, Pa.

According to Ellefson's report, as he was approaching two trucks travelling in the direction of Ellwood, the one driven by Shaffer passed the other truck, crowding him off the road. The left side of the Ellefson car was badly damaged and Mr. Ellefson's hands were cut by flying glass.

John Druschel of Mounted Route 7 was held by the police department after he made a left-hand turn in front of a car driven by Dominick Riccinti of 611 Fourth street, seriously injuring an occupant of his car.

Mrs. Angeline Ritarto of 612 Hazel avenue was the victim, suffering from a broken nose, severe lacerations of the face and other cuts and bruises. She was treated at the local hospital.

The Riccinti party was returning home from a funeral at 12 o'clock and at the intersection of Franklin avenue and Fourth street, the Druschel car made the left-hand turn. Both cars were considerably damaged.

Past Noble Grands Christmas Party

Delightful Christmas Party Held At Home Of Mrs. Iva Garwig

ELLWOOD CITY, Dec. 21.—A delightful event of Monday evening took place at the home of Mrs. Iva Garwig of Spring avenue, when members of the Past Noble Grands of the L. R. L. gathered for their December meeting, in the form of a Christmas party and dinner.

At six o'clock the group partook of a most delectable dinner served at a cleverly appointed table by Mrs. Walter Blatchford, Mrs. Richard Skewis, Mrs. Jennie Thornhill, Mrs. Tillie Shira and the hostess. Covers were arranged for 21 members.

Attractive yuletide decorations were used throughout the home, adding to the evening's gayety. Nice gifts were exchanged by the group.

Cards and bingo formed the diversion of the after-dinner hours, with awards for cards going to Mrs. Myrtle Moon and Mrs. Sarah Wilson, and for bingo to Mrs. Elizabeth Pifer and Mrs. Lorena Lloyd.

A nomination and election of officers will be featured at the next meeting, to be held on Monday, Jan. 17, with the place to be decided.

Little Bits Of This And That About Ellwood

Owing to several cases of scarlet fever, the Greenwood school in Franklin township was closed on Monday. If no new cases develop, activities will be resumed on Monday, Jan. 3.

Albert Koscho, a popular Ellport boy, and member of the U. S. navy, is stationed with the U. S. Marblehead cruiser that was sent to Tsingtao, China, to protect and evacuate, if necessary, a group of American citizens. George and Rudolph Koscho, two of Albert's brothers, also belong to the navy, but are stationed at other points.

J. L. Steckman, prominent Ellwood City booster, who is continuously doing "nice things" for people, is "tops" with the members of the various city and district churches for having provided beautiful Christmas trees for all the churches. The public library was also presented with a lovely tree by Mr. Steckman.

While all the Christmas decorations of the homes and stores are colorful and clever, perhaps the one that has been the most admired is the large lighted star placed near the clock on Lincoln high school. It can be seen for a long distance and is outstanding in its simplicity.

Frisco Auxiliary Has Fine Record

Re-organization Meeting Tonight To Be Followed By Christmas Program

ELLWOOD CITY, Dec. 21.—This evening members of the auxiliary of the Franklin township fire department will meet in the Firemen's hall at Frisco for their annual business meeting, reports and election of officers.

During the social hour the pupils of the first four grades of North Star school will present a Christmas program that promises to be of much interest.

While the auxiliary has been organized just two years, the first meeting held on January 7, 1936, it has a notable record of achievement that the members are justly proud of.

M. J. Norton, first fire chief of the department, organized the auxiliary and they met in his home for the first meetings. The purpose of the auxiliary was to aid the firemen with their accomplishments, including the purchasing of truck equipment and building a hall, and they have done just that. In addition to contributing $400 to the firemen, they have built a kitchen on the hall and completely furnished it. They have also aided many needy families.

Their organization's membership has grown from 13 charter members to an active roll of 65 members.

The retiring officers to whom is due a full measure of credit for the outstanding accomplishments of the past two years are: President, Mrs. Albert Graff; vice presidents, Mrs. Jennie Thornhill and Mrs. Ruth Price; secretary, Mrs. Mildred Follett and treasurer, Mrs. Edith Blinn.

Charter members in addition to the officers were: Mesdames M. J. Norton, Blanche Hauserman, Leora McAllister, Bertha Miller, Bertha McKinney, Eleanor Rutter, Mary Duncan and Mabel McKinney.

Saxons Announce Many Activities For Yule Season

Junior And Senior Groups Plan Christmas And New Year's Parties

ELLWOOD CITY, Dec. 21.—Christmas Eve marks the date of the annual Junior Saxon Christmas party to be held in their social rooms. Games and a dinner in charge of competent committees will furnish the evening's entertainment.

As in the past, the Juniors will carol their Saxon families at midnight, in keeping with a traditional custom. The party is for members only.

On Saturday evening the Senior Saxons will entertain the children of active and social members with a Christmas play and will treat the children to well-filled bags of candy, fruit, nuts and toys, with Santa Claus in charge.

New Year's night the annual Senior family night for both active and social members will take place. A Saxon orchestra from Cleveland, which will play nothing but the colorful "old home" tunes, will provide the music.

At midnight the Ladies' Auxiliary will serve sauer kraut and sausage, without which no Saxon gathering is complete.

These events merely carry out the custom that has prevailed in this city since the founding of the local Saxons in 1902.

All of the activities are without charge to the members and their families.

Patricia Evans Entertains Class

ELLWOOD CITY, Dec. 21—Miss Patricia Evans opened her home in Fourth street on Monday evening to members of the Little Helpers class of the Immanuel Reformed church for a Christmas party.

After a business period, games amused the members with nice awards presented to Miss Helen Cross, Miss Martha Shiling and Mrs. J. N. Mackey teacher of the class.

Nice gifts were exchanged, after which the hostess was assisted by her mother, Mrs. Stanley Evans, in serving a tempting repast. On Friday evening, January 14, the next meeting will be held.

Final Card Party In Series To Be Held Tonight At 8 O'clock

ELLWOOD CITY, Dec. 21.—Dispensing with their customary business meetings, members of the V. F. W. Auxiliary gathered last evening at their Fourth street hall for a Christmas party.

At 6 o'clock the group were seated at cleverly appointed tables and served a sumptuous turkey dinner with all the accompaniments. Covers were arranged for twenty-five members. The dinner was served under the direction of Mrs. Nettie Donaldson, Mrs. Stanley Haddock and Mrs. Thelma Yoho. A gift exchange added to the festivities.

The final card party in a pre-Christmas series will be held this evening at 8 o'clock in the Fourth street hall.

Christmas baskets of edibles and toys will be distributed to needy families on Friday by auxiliary members.

Guild Honors Mrs. Routledge

ELLWOOD CITY, Dec. 21.—The mission book, "The Way of the Witness", was completed by the W. W. Guild of the Providence Baptist church of North Sewickley last evening when they were guests at the home of Mrs. J. R. Routledge in North Sewickley, for a special meeting.

Interesting chapters from the book were read by Miss Vesta Householder, Mrs. Jane Cox, Miss Dorothy Nye and Mrs. Routledge.

During the remainder of the evening, which was spent socially, "white rose" friends were disclosed and a grab bag added to the evening's enjoyment as did a period of amusing games. Vesta Householder and Dorothy Nye served a most delicious lunch at the close of the evening.

Mrs. J. R. Routledge was pleasingly surprised when she was presented with a lovely gift by the members and graciously responded.

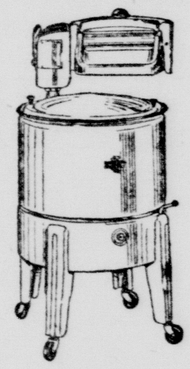

Monday evening, January 10, marks the date of the next regular meeting.
